Janesville Weekly Gazette.

TERMS PER YEAR, - - - $2,00. IN ADVANCE.

THE WEEKLY GAZETTE is now the largest paper printed in the State, and having the matter published in the DAILY to select from, we challenge comparison with any newspaper in Wisconsin. In correct political doctrine, in reliable market reports, in giving the latest news from all quarters, in literary merit and in local information relating to this city and county, we shall spare no pains to make the WEEKLY GAZETTE worthy of public patronage and support.

The News.

The latest news from Sherman states that his advance was within 6 miles of Savannah, on Friday last, and that his main army was only 40 miles away. If this be true, Savannah is in our posession before this time, as the city was not in a condition to make any defence.

We print elsewhere a large amount of rebel conjecture concerning Sherman's movements, which is worth but little in view of later dispatches. It is estimated that a large Federal fleet is already gathering at Port Royal to welcome him.

From Nashville we have nothing more than the assurance that Thomas is confident of his ability to take care of Hood. At last accounts the two armies confronted each other in plain sight.

It is thought there will be a quorum in Washington to-day, at the opening of Congress.

Gen. Pope has been assigned to active service under Grant.

SOME time since, says the Louisville *Democrat*, a woman, named Ida Robinson, who was a Confederate spy, was captured by our forces and sent to Nashville. The military authorities of that place ordered her to go north of the Ohio River, and to stay there during the war. She crossed the river, and was doubtless thought to be there; but a few days ago a soldier was arrested in Nashville, and he proved to be the aforesaid Ida, who was dressed in male attire.

THE Washington *Chronicle* says editorially: "We are most gratified to hear, as we do upon the best authority, that the Hon. Caleb Cushing, of Massachusetts, has, for more than two years past heartily cooperated with the friends of the Union. The experience of Gen. Cushing as a statesman, jurist and public speaker, will render him a most valuable supporter of Mr. Lincoln's administration in this important crisis."

General Thomas has two men in his employ who serve as scouts and spies at the eminent hazard of their lives. The rebel Gen. Johnson has offered a reward of $50,000 for their capture. They have been much within the rebel lines, and often within their camps, but so disguised as to defy detection.

A London letter in the New York *Tribune* says it is broadly reported there in financial and political circles that half the rebel debt is held in England, and that if it is not paid eventually, half of the British money-bags will collapse. This is the secret of John Bull's adherance to the Confederacy.

THE Kingston (Canada) *News says* that there is a probability that a Government measure will be introduced in the Provincial Parliament, immediately on its assembling in January next, for the purpose of preventing, by more stringent enactments, the repetition of the St Albans raid.

MRS. GENERAL SHERMAN, wife of the General on whose daring expedition all eyes are fixed, left Cincinnati on Friday for South Bend, Ind., where she is to spend the winter, superintending the education of their children, who are inmates of the Catholic institution at that place.

THE military authorities and detectives of New York are quietly but thoroughly following up the suspected agents of the rebel plot to burn the city. Arrests are daily made, but, for prudential reasons, the names of the persons arrested are not published.

THE free tickets issued by the Philadelphia street railroads to councilmen and other privileged characters will hereafter bear the photographs of the recipients, to prevent them lending their tickets, to the great loss of revenue on the part of the railroads.

THANKSGIVING was not as pleasant in the Army of the Potomac as was expected. The anticipated arrival of turkeys did not take place till late in the day, and only a portion at that, the steamer on which the remainder were transported having run aground.

A St. Louis paper says "there are not less than 200,000 persons in Missouri, this day, who are little better than paupers, not knowing where to get food to maintain them through the winter."

PRENTICE, of the Louisville Journal, has arrived at Richmond on a visit to his son in the rebel army. Permission to do so has been given him by both Federal and rebel authorities.

THE Paris *Siecle*, which has always been friendly to our cause, thinks the French government would have done right to have seized the *Florida* when she entered Brest.

The Richmond papers say that GRANT is massing his troops on his left, and predict that he will make another movement, if the weather should continue favorable.

THE London *Times* says if our government sustains the action of the Captain of the *Wachusett*, our armed vessels will be forbidden English and French ports.

THE RESULT IN WISCONSIN.—The official home vote gives Lincoln 68,906; McClellan 62,494; Union majority, 6,512. The soldiers' vote is not all in yet.

JENNIE JUNE, in her recent "Talks on Women's Topics," says that in almost every instance where a man marries a sensible woman, it is after he has met with a severe disappointment in not marrying a fool.

MR. FREDERICK DOUGLASS spoke last night at the Isreal Bethel Church, for several hours. His audience was very large, although an admission price was charged, and we noticed a number of distinguished persons among the listeners. Fred. Douglass was a noted character before the war. He is a distinguished character now. He was stigmatized as a fugitive slave, and outlawed from his native State of Maryland, and was as much hated in the North as in the South. Now he comes back to Maryland, the real liberator of a liberated State. It was a rare sight to see and hear this really great man, heard and applauded in the city in which his race has been so long derided. Had his address been delivered in London or Paris, it would have been reported in the *Times* and honored in the *Monituer*. Fred. Douglass is a gentleman, and talks like one. We recall no orator of so much quant humor, fair statement of the case of the opposition, and manly eloquence. This man has no affectation. If he complains of the whites, he does not spare the blacks. And this man who spoke last night was a NEGRO! "The world moves," said Galileo, and "I have discovered it," said Columbus. Fred. Douglass may well say: "I left Maryland a slave, and a slave State; and I come back a freeman, to find Maryland free."—*Washington Chronicle*, 25.

THE LATE PROFESSOR SILLIMAN.—The New Haven *Courier* of Monday, speaking of the late Professor Silliman, says:

Prof. Silliman was attacked about ten days since, somewhat severely, but not alarmingly. After an illness of two or three days, he began to recover, and from that time his friends have dismissed apprehensions, and have regarded his full recovery as certain. On the morning of Thursday he awoke, after a more than usually comfortable rest, and promised himself the satisfaction of uniting in the public services of the day of National Thanksgiving. He uttered a brief prayer, as was his wont, repeated two hymns, which he followed with a few words of affection to his wife, unconscious of the significance of each act, and then was in a moment translated to that state whose very life and atmosphere are continued adoration and perfected love.

A NEW STIMULANT.—In cases of great exhaustion, attended with cerebral weakness, produced by severe labor or any other cause, a preparation from beef may be used instead of brandy, and it exerts rapidly a stimulating power over the brain. It is thus made: Chop up lean beef, place it in a pan and subject it for an hour or more to heat by keeping the pan in a vessel of boiling water; the fat, fibre and essence will distinctly seperate. Strain the liquid portions from the fiber, and remove from it the fat, by means of blotting paper. A highly aromatic, amber-colored liquid, of an agreeable flavor, will remain. This is the required stimulant. Unlike common beef tea, its effect is stimulant rather than nutritious.—*Hall's Journal of Health.*

LOW WATER ON THE LAKES.—The low stage of water in the Western lakes, is something remarkable. A fall of about two feet has recently taken place, and the water now is four feet lower than in 1861. At some of the ports on Lake Huron, it is now difficult to make landings, where formerly there was water to spare.

A YOUNG man and a young woman went after chestnuts, near Wheeling, one day last week. The young man fell from the top of a tree sixty-nine feet in height to the ground. The young lady picked him up and carried him a mile, when he recovered his senses. Nobody hurt.

THE New York *News*, anxious on account of the scarcity of men in the confederacy is exhorting the rebels who have sought refuge in that city, said to be some twenty thousand, to go home and fight.

There is considerable excitement in Cuyahoga County, Ohio, over the discovery of "indications" of oil.

Good nature is more agreeable in conversation than wit, however brilliant.

INSTALLATION OF REV. M. P. KINNEY.—An ecclesiastical Council convened at the 2d Congregational Church, Rockford, on Tuesday last, for the purpose of considering the expediency of installing Rev. M. P. Kinney, as pastor of said church.

The council was organized by the choice of Rev. Prof. Haven as moderator, and Rev. H. M. Goodwin, Scribe.

The call of the church and society to Rev. M. P. Kinney to be their pastor, and his acceptance of the same was presented to the council.

By direction of the council, the moderator proceeded to examine the candidate in regard to his views of theology and christian doctrine, and his religious experience.

After a thorough and careful examination for two hours, in which other members of the council participated freely, it was unanimously voted that the council were satisfied with the examination of the candidate, and they proceeded to assign the parts for the installation services to take place in the evening. A committee was appointed for this purpose, who reported the following order of religious services for the evening.

1. Invocation and reading of Scripture, by Rev. E. P. Dana.
2. Prayer, by Rev. F. A. Lawson.
3. Sermon by Rev. Prof. Haven.
4. Installing prayer, by Rev. H. Brown.
5. Charge to the Pastor, by Rev. S. J. Humphrey.
6. Right hand of Fellowship, by Rev. H. M. Goodwin.
7. Charge to the People, by Rev. A. L. Chapin.
8. Benediction by the Pastor.

In the evening the installation ceremonies took place according to the above order, a very large audience being in attendance. The exercises throughout were highly edifying and impressive.

Rev. Mr. Kinney enters into his new relation, under very favoring auspices. He will find a pleasant church and congregation, and we believe that he will fully sustain the high expectations had of his ability to fill the pulpit of that Church.—*Rockford Register.*

NEW YORK, Dec. 3.—The following is an extract from a letter received in this city by the owner of the steamer *Gen. Lyon*; dated 84 miles below Savannah, Nov. 27th.

Sherman is reported to be near Savannah, and the rebels are trembling in their shoes. (Signed) GEO. WARD.
Capt., Steamer Gen. Lyon.

NEW YORK, Dec. 3.—The *Commercial's* Washington special says: Richmond papers received to-day admit that Sherman is making rapid progress toward the sea coast, now that he had crossed the only formidable barrier to his advance; the Oconee river. They express the most intense alarm for the safety of Savannah; believing that Sherman is aiming to capture or destroy that city on his way to the coast.

PHILADELPHIA, Dec. 3.—The following special to the *Evening Telegraph*, dated Washington Dec. 3, 3 p. m., says the Government has received information that General Sherman had captured Milan, on the Georgia Central Railroad on the 29th ult. His army was concentrated and it is thought has moved to Savannah before this.

NEW YORK, Dec. 4.—The *Herald's* special says that Government officials are unusually jubilant over the news from Sherman. Government means are independent of the Richmond papers and more reliable of obtaining intelligence of Sherman's progress. It is confidently believed that Sherman has not only baffled the rebel Generals but has so far advanced beyond any serious interruption as to leave no doubt of his triumphant success.

NEW YORK, Dec. 4.—Savannah and other Georgia papers of the 27th, and Richmond papers of Dec. 1st are received from which the following summary is digested:

It appears that an attack was made on East Macon on Sunday the 30th. The rebels losing a battery which they subsequently recovered with a small loss on both sides. The attack was expected to be renewed on the 31st but it was not and the rebels came to the conclusion that the movement on Sunday was a feint. It was probably made by a small force of Slocum's corps.

The Augusta *Constitutionalist* of the 24th says Sherman's entire corps went over to the west side of the Oconee river on the night of the 22d, indicting the intention to pass by Augusta, and between that place and Macon, and make for the sea between Savannah and Brunswick.

Gov. Brown was in Macon where he had removed all valuables from Milledgeville.

The *Constitutionalist* states that rebel cavalry are burning barns, corn-cribs and everything that may be of use to Sherman in front of his main army on the Oemulgee river.

The Savannah *Republican* of the 25th, contains dispatches which state that on the 24th, there was fighting all day at Oconee bridge which was held by the rebels. In the evening the federals had turned their guns in the opposite direction on the other side of the river, indicating an assault in the rear. Wheeler was said to be crossing 18 miles below the bridge to aid in its defense.

Another dispatch states that the federals had flanked Gen. Wayne at the Oconee bridge of the Central Railroad, compelling him to retreat. The federals also crossed at Balls Ferry, four miles below the bridge.

A later dispatch from Augusta, dated the 23d, to Gen. Hardee at Savannah, states that the enemy had been driven back across the Oconee and Gen. Wayne had returned to the bridge.

The Augusta *Constitutionalist* of the 24th, says apprehensions prevailed there on the 23d, in consequence of announcing the passage of the Oconee near Milledgeville, by the enemy who were reported to be advancing in the direction of Augusta.

Savannah and Augusta papers of the 28th, state that the force that captured Milledgeville remained there until the eve of the 24th, having burned the State-house, Brown's hotel, and the penitentiary and captured a small quantity of ammunition. The main body of Sherman's army was reported on the 24th to be thirteen miles west of Sandersville, coming towards Savannah, rapidly spreading devastation.

The Richmond *Whig* of the 1st says: Yesterday, the 30, Sherman was gradually approaching the coast, but refrains from giving the direction. He has met with no serious opposition since the repulse at Oconee, but efforts are making to head him off.

Wheeler had two victorious engagements with Kilpatrick's cavalry in one of which he captured Kilpatrick's hat.

Gen. Hardee telegraphs from Savannah, that he left Macon perfectly secure, and was making certain dispositions in that quarter.

The Richmond *Dispatch* of the 1st, says official intelligence of Sherman's movement and present whereabouts, was received yesterday, but does not mention said whereabouts. It says only fourteen gunboats and transports are now at Port Royal.

The Charleston *Mercury* of the 24th, says the enemy have 40 pieces of heavy ordnance on Morris Island, bearing on Sumter and Sullivan Island. They are busy mounting mortars and have burned out Bull's Bay. They have a fleet of some dozen monitors at Port Royal and some where on the coast they have a dozen and a half more. These preparations indicate an attack on Charleston and the advance of Sherman toward Augusta, warns us that *no time is to be lost* in preparing to meet the issue.

The Savannah *Republican* of the 25th says a large fleet is now assembled at Port Royal. Tybee and Dobose are making preparations for Sherman's arrival.

The Savannah *News* thinks that Sherman's destination is that city, and unless his army is either whipped and routed or captured he will reach that place.

The Hilton Head correspondent of the *Herald* says Gen. Foster proceeded up Broad river with an expedition and landed five miles below Pocotaligo bridge, and marched on and captured the bridge, which after sharp fighting the rebels evacuated. A large quantity of cotton was found and destroyed. It is supposed the rebel force along the coast has been materially lessened to concentrate a force against Sherman.

A naval correspondent of the *Herald* from off Charleston states that the blockade runner *Beatrice* was ashore and destroyed on the night of the 27th. Thirty of the crew were captured.

Admiral Dahlgren and Gen. Foster are in communication with Sherman, who is supposed to be moving on Savannah. A joint force has been organized to co-operate with him, while other expeditions are *moving on other important strategic points.*

It is reported on shore that Lee is marching against Sherman.

NEW YORK, Dec. 4.—Rebel papers state that Sherman ordered every house in East Tennessee to be burned and the country desolated, and refused to rescind the order on a petition from the citizens of Knoxville.

It is reported that Cumberland Gap is evacuated, the troops going to Knoxville.

NEW YORK, Dec. 4.—The steamer *Baltic* arrived at Annapolis Roads from Savannah, with 520 officers. Fifty-seven died on the passage and it is thought that more than two-thirds will never recover.

The latest news from Sherman was that he was within 40 miles of Savannah. All Georgia was in alarm. Papers of the 30th ult., while admitting this, say his progress has been stopped.

NEW YORK, Dec. 5.—The Richmond *Dispatch*, Dec. 1st, says a cavalry fight, in which we were victorious, took place in East Georgia on Tuesday. The Yankee cavalry under Kilpatrick, were attempting to cross the Savannah river when they were attacked by Wheeler and after a obstinate fight, were driven back in the direction of Mellen, losing very heavily.

The Richmond *Dispatch* of the 2d, also says Sherman's main army is moving towards the coast and a battle is expected.

The Richmond *Whig* of Dec. 2d says it does not seem that our authorities have any suspicion of the effect the movement of Hood would have, at least we judge so from the very feeble opposition which has thus far been made to the advance of Sherman. It is plain that he is moving to the coast and that thus far he has been enabled to live upon the country. We think it probable that Sherman will reach the Atlantic in comparative safety. His next move, in our opinion, will be by sea to Richmond. We don't believe he can succeed in taking either Augusta or Savannah. Indeed, should he succeed in capturing the first named place it will do him no good since he will find there nothing he was seeking. At the last named place he will have to fight and that he is very well aware of and does not wish to do before securing a lease upon the sea coast, which for the present at least, we think to be entirely out of the question.

Should he determine to secure himself on the sea coast and thence issue during the winter to ravage the country or carry on a regular campaign, he must be watched as we suppose he will be. In the meantime he abandons an immense tract of country in the interior, over which it is impossible that his army situated on the ocean and closely watched, can exercise an influence for good or evil.

We do not see that Sherman's last exploit will have any effect upon the issue of the war, but after having been told by the highest authority in the Confederacy that his retreat from Atlanta was to be more disastrous than the recall of Napoleon from Moscow, it is rather vexatious to find him getting off so cheaply, burning and murdering as he goes.

The Richmond *Dispatch* says seven hundred prisoners have been recovered at Augusta who were captured while forageing for Sherman's army.

The Governor has pardoned all the convicts in the Penitentiary, put arms in their hands and sent them to the front, except those put in for life, whom he could not release according to law.

Heavy cannonading was heard all yesterday in the direction of Macon. It is believed to be a battle between Sherman and our forces.

WASHINGTON, Dec. 5.—The *Republican* of this city, publishes the following:

By the arrival of a Government transport at Ft. Monroe, last evening, Government has received advices from Sherman to Dec. 2d, that when the steamer left, information had reached Savannah that Sherman's advance cavalry was within six miles of that city. This does not conflict with the news brought by the steamer *Belle* which arrived Saturday night, that Savannah papers announced Sherman's army to be within 40 miles of there. These papers do not state the date at which he was that distance from the city. A gentleman recently from Savannah, informs us that there are no important defenses on the west side of the city.

THE WAR IN TENNESSEE.

CINCINNATI, Dec. 3.—The *Gazette's* Nashville correspondent gives some additional particulars of the battle at Franklin. The plan of the battle was very simple, and we had no time to get up complete plans as the enemy pressed up too sorely and obliged us to fight off hand. The original plan was to withdraw the force of Gen. Schofield until *meeting our reinforcements*, and give battle in the vicinity of Nashville; but the over sanguine rebels pressed us too hard and when Schofield perceived that he could not avoid a contest, he drew up his little army in line of battle in front of Franklin. At 3½ oclock, the assault commenced with Chatham's corps on the right, Stewart's on the left and S. D. Lee's corps in reserve in the center. Chatham threw his whole corps on Wagner's division, with great impetuosity and after half an hour's desperate fighting, pushed Wagner's men back to the 2d line where they became mingled with Cox's and Ruger's men on our left and center.

The rebels, encouraged by the success of driving Wagner back, advanced with loud cheers on our 2d line. Their order of advancing was very peculiar. A semicircle two regiments deep, extended all around our lines and behind each alternate regiment, was placed four others, so that the assaulting columns were six regiments deep. Hood appeared about 4 p. m. at the head of his columns towards our line and said: "Break those lines, boys, and you have finished the war in Tennessee. Break them and there is nothing to oppose your march from Nashville to the Ohio river." Loud cheers answered the rebel leader and immediately the space in front of our line, was crammed with the advancing multitude.

Capt. Lyman, commanding artillery brigade, fourth corps, had placed his batteries in most favorable positions and from there storms of shot and shell were hurled into the charging ranks. With most reckless bravery the rebels rushed on and when within a few hundred yards of our works our boys opened upon them with so terrible a fire of musketry that it seemed as if nothing could live before it. On they came, rushing up to the very parapet of our works, and stuck their bayonets under the logs on our battlements. On the Columbia pike the pressure was so great that some of Coxe's and Wagner's men temporarly gave way. Up to this time a brigade commanded by the gallant Col. Opdyke, 125th Ohio, had been held in reserve. Col. Opdyke, by orders of General Stantly rushed forward with his brigade to restore the broken line. The rebels who had crawled over our works had no time to retire and Coxe's and Wagner's men, broken but a moment before, rallied, and attacked the enemy on the flank while Opdyke charged them in front, a desperate hand to hand fight ensued with bayonets and the butt ends of muskets. Hundreds of rebels were captured here, and the line was restored.

For two hours and a half the battle raged all along our line. Men of the 4th and 23d corps vied with each other in bravery. Riley's brigade of the 23d corps fairly covered the ground in front of it with rebel dead. The rebel Gen. Adams was killed and he and his horse fell into the ditch together in front of the 14th Ohio. Seventeen distinct attacks of the enemy were repelled. At dusk the rebels were repulsed at all points, but firing did not cease till 9 o'clock.

At least 5,000 rebels are killed, wounded, and captured, while our loss will only reach about 1,500. We have taken from the enemy 30 flags, the 70th Ohio taking half a dozen a piece.

Gen. Scofield directed the battle from the fort on the north bank of the stream where some heavy guns and batteries of the 23d corps were placed, and which did great service in damaging the enemy's right wing.

WASHINGTON, Dec 3.—The latest official information from the army of General Thomas says that he has so concentrated his forces at the fortifications of Nashville, as to be prepared for any movement that General Hood may venture to make.

NASHVILLE, Dec. 4.—No new developments to-day, save that our forces are still entrenched, the southeast wing resting on the Cumberland. The enemy's lines are plainly to be seen from high points in the suburbs and at the Capitol. They are entrenching themselves about three miles from the city. During the day heavy skirmishing occurred on our left and progressed along the line to the center. Many persons witnessed the cannonading along the right of our lines. Nothing important has transpired to-day. The general opinion is that Hood will attack the Federal force in front of Nashville. A Federal cavalry force has patrolled the north bank of the river at the fords to prevent the rebel cavalry from crossing, as numerous unsuccessful attempts have been made to cross since the 1st inst.

Johnsonville has been evacuated and the road has been interrupted, and a portion of the trains from there are advancing to this place by land.

NEW YORK, Dec. 5.—The *Times* Nashville special says the enemy's line of battle is just two miles from the city, on the Murfreesboro bridge. This post and Chattanooga are deemed safe.

Com. Fitch has a fleet of gunboats here.

Gen. Cheatham has his head quarters at the house of Mr. Edmonson on the Murfreesboro pike, four miles from the city.

FROM CENTRAL AMERICA.

NEW YORK, Dec. 5.—A Panama letter dated the 10th received to-day, has the following important news: There was much excitement at Panama in the past week occasioned by the following incidents. On the 25th of October, the American Consul at Panama received a dispatch from Consul Schofeldt at Havanna, stating that the same steamer bringing the dispatch, would also take to Aspinwall a party of rebel pirates intending to seize the steamer *Guatamala*. The agent of the company was notified of the plot and sent the *Guatamala* to sea before the arrival of the pirates across the isthmus, consequently, they were obliged to remain in Panama until the 10th of November; the day of the sailing of the next steamer, the *Salvador*. Meantime, further information was obtained, and the plan for the capture of the whole gang matured. While there the rebels purchased 300 pounds of powder, put it in cans, and shipped it in the same steamer they intended to take passage in on the 10th

The passengers embarked on the *Salvador* as usual, with their baggage and immediately on going on board, they were taken into the main saloon, ostensibly to have their tickets examined. Previously to this, all the windows and stateroom doors had been closed in order that no opportunity could be presented for hiding papers, &c. As soon as they were collected, a preconcerted signal was made, when Commander Davenport of the U. S. frigate *Lancaster*, sprang on board with several full armed boats' crews and announced to the astonished passengers that he had taken possession of the steamer.

Sufficient evidence was at once discovered to prove the reality of the plot, and the *Salvador* was taken to sea, over three marine miles, accompanied by the *Lancaster*. Papers revealing the whole affair, instructions from the rebel Secretary of the Navy, Mallory, small arms of all kinds, handcuffs, &c., were found in the possession of the pirates who were then transferred to the *Lancaster* and the *Salvador* proceeded on her voyage. The *Lancaster* returned to Panama with the prisoners, and before reaching Panama, the leader of the pirates made a full confession.

The names of pirates are T. E. Hogg, of Baltimore, Captain; E. A. Evans, Executive official; G. H. Black, Paymaster; R. B. Lyon, Sailing master; J. Meddle, Chief engineer; T. J. Grady, Assistant engineer, and Joseph Higgins, Paymaster clerk. Hogg was recently captured in the *Tristram Shandy* while running the blockade off Wilmington. His instructions from Mallory show he has a rebel commission and sailed from Wilmington for Havanna, where he made up his gang. They have confederate steamers all along the coast who were to join them. His instructions also were, after getting possession of the steamer to capture a California steamer with its treasure, and if not able to get the treasure across the Isthmus to deposite it with a reliable English firm in Valparaiso, or send it to Europe by a French man-of-war. The steamer *Gulducala* which arrived at Panama reports seeing many suspicious looking persons anxiously awaiting the arrival of the same steamer at LaLiberted and Acrpulco, evidently accomplices of the pirates.

FROM WASHINGTON.

NEW YORK, Dec. 3.—It is believed the Secretary of the Treasury will not recommend any additional tax on liquors, but will advise a tax on the sales on one-half of one per cent.

The President's message will be kept open till the latest moment in order to give the latest facts in relation to the progress of the war.

The *Post's* Washington special says it is reported that Secretary Stanton will recommend to Congress an amendment of the enrollmennt act so that drafted men cannot have such facilities for escape.

By a new mail arrangement between Washington and New York, there will be two trains each way through in ten hours.

FROM NEW YORK.

NEW YORK, Dec. 3.—Gold extremely dull. Price opened at 2.31, and at half past 11 declined to 3 27. Subsequently there was a rally to 2.30½.

IN ADVANCE.

THE WEEKLY GAZETTE is now the largest paper printed in the State, and having the matter published in the DAILY to select from, we challenge comparison with any newspaper in Wisconsin. In correct political doctrine, in reliable market reports, in giving the latest news from all quarters, in literary merit and in local information relating to this city and county, we shall spare no pains to make the WEEKLY GAZETTE worthy of public patronage and support.

The News.

The latest news from Sherman states that his advance was within 6 miles of Savannah, on Friday last, and that his main army was only 40 miles away. If this be true, Savannah is in our posession before this time, as the city was not in a condition to make any defence.

We print elsewhere a large amount of rebel conjecture concerning Sherman's movements, which is worth but little in view of later dispatches. It is estimated that a large Federal fleet is already gathering at Port Royal to welcome him.

From Nashville we have nothing more than the assurance that Thomas is confident of his ability to take care of Hood. At last accounts the two armies confronted each other in plain sight.

It is thought there will be a quorum in Washington to-day, at the opening of Congress.

Gen. Pope has been assigned to active service under Grant.

SOME time since, says the Louisville *Democrat*, a woman, named Ida Robinson, who was a Confederate spy, was captured by our forces and sent to Nashville. The military authorities of that place ordered her to go north of the Ohio River, and to stay there during the war. She crossed the river, and was doubtless thought to be there; but a few days ago a soldier was arrested in Nashville, and he proved to be the aforesaid Ida, who was dressed in male attire.

THE Washington *Chronicle* says editorially: "We are most gratified to hear, as we do upon the best authority, that the Hon. Caleb Cushing, of Massachusetts, has, for more than two years past heartily cooperated with the friends of the Union. The experience of Gen. Cushing as a statesman, jurist and public speaker, will render him a most valuable supporter of Mr. Lincoln's administration in this important crisis."

General Thomas has two men in his employ who serve as scouts and spies at the eminent hazard of their lives. The rebel Gen. Johnson has offered a reward of $50,000 for their capture. They have been much within the rebel lines, and often within their camps, but so disguised as to defy detection.

A London letter in the New York *Tribune* says it is broadly reported there in financial and political circles that half the rebel debt is held in England, and that if it is not paid eventually, half of the British money-bags will collapse. This is the secret of John Bull's adherance to the Confederacy.

THE Kingston (Canada) *News* says that there is a probability that a Government measure will be introduced in the Provincial Parliament, immediately on its assembling in January next, for the purpose of preventing, by more stringent enactments, the repetition of the St Albans raid.

MRS. GENERAL SHERMAN, wife of the General on whose daring expedition all eyes are fixed, left Cincinnati on Friday for South Bend, Ind., where she is to spend the winter, superintending the education of their children, who are inmates of the Catholic institution at that place.

THE military authorities and detectives of New York are quietly but thoroughly following up the suspected agents of the rebel plot to burn the city. Arrests are daily made, but, for prudential reasons, the names of the persons arrested are not published.

THE free tickets issued by the Philadelphia street railroads to councilmen and other privileged characters will hereafter bear the photographs of the recipients, to prevent them lending their tickets, to the great loss of revenue on the part of the railroads.

THANKSGIVING was not as pleasant in the Army of the Potomac as was expected. The anticipated arrival of turkeys did not take place till late in the day, and only a portion at that, the steamer on which the remainder were transported having run aground.

A St. Louis paper says "there are not less than 200,000 persons in Missouri, this day, who are little better than paupers, not knowing where to get food to maintain them through the winter."

PRENTICE, of the Louisville Journal, has arrived at Richmond on a visit to his son in the rebel army. Permission to do so has been given him by both Federal and rebel authorities.

THE Paris *Siecle*, which has always been friendly to our cause, thinks the French government would have done right to have seized the *Florida* when she entered Brest.

The Richmond papers say that GRANT is massing his troops on his left, and predict that he will make another movement, if the weather should continue favorable.

THE London *Times* says if our government sustains the action of the Captain of the *Wachusett*, our armed vessels will be forbidden English and French ports.

THE RESULT IN WISCONSIN.—The official home vote gives Lincoln 68,906; McClellan 62,494; Union majority, 6,512. The soldiers' vote is not all in yet.

JENNIE JUNE, in her recent "Talks on Women's Topics," says that in almost every instance where a man marries a sensible woman, it is after he has met with a severe disappointment in not marrying a fool.

MR. FREDERICK DOUGLASS spoke last night at the Isreal Bethel Church, for several hours. His audience was very large, although an admission price was charged, and we noticed a number of distinguished persons among the listeners. Fred. Douglass was a noted character before the war. He is a distinguished character now. He was stigmatized as a fugitive slave, and outlawed from his native State of Maryland, and was as much hated in the North as in the South. Now he comes back to Maryland, the real liberator of a liberated State. It was a rare sight to see and hear this really great man, heard and applauded in the city in which his race has been so long derided. Had his address been delivered in London or Paris, it would have been reported in the *Times* and honored in the *Moniteur*. Fred. Douglass is a gentleman, and talks like one. We recall no orator of so much quant humor, fair statement of the case of the opposition, and manly eloquence. This man has no affectation. If he complains of the whites, he does not spare the blacks. And this man who spoke last night was a NEGRO! "The world moves," said Galileo, and "I have discovered it," said Columbus. Fred. Douglass may well say: "I left Maryland a slave, and a slave State; and I come back a freeman, to find Maryland free."—*Washington Chronicle*, 25.

THE LATE PROFESSOR SILLIMAN.—The New Haven *Courier* of Monday, speaking of the late Professor Silliman, says:

Prof. Silliman was attacked about ten days since, somewhat severely, but not alarmingly. After an illness of two or three days, he began to recover, and from that time his friends have dismissed apprehensions, and have regarded his full recovery as certain. On the morning of Thursday he awoke, after a more than usually comfortable rest, and promised himself the satisfaction of uniting in the public services of the day of National Thanksgiving. He uttered a brief prayer, as was his wont, repeated two hymns, which he followed with a few words of affection to his wife, unconscious of the significance of each act, and then was in a moment translated to that state whose very life and atmosphere are continued adoration and perfected love.

A NEW STIMULANT.—In cases of great exhaustion, attended with cerebral weakness, produced by severe labor or any other cause, a preparation from beef may be used instead of brandy, and it exerts rapidly a stimulating power over the brain. It is thus made: Chop up lean beef, place it in a pan and subject it for an hour or more to heat by keeping the pan in a vessel of boiling water; the fat, fibre and essence will distinctly seperate. Strain the liquid portions from the fiber, and remove from it the fat, by means of blotting paper. A highly aromatic, amber-colored liquid, of an agreeable flavor, will remain. This is the required stimulant. Unlike common beef tea, its effect is stimulant rather than nutritious.—*Hall's Journal of Health.*

LOW WATER ON THE LAKES.—The low stage of water in the Western lakes, is something remarkable. A fall of about two feet has recently taken place, and the water now is four feet lower than in 1861. At some of the ports on Lake Huron, it is now difficult to make landings, where formerly there was water to spare.

A YOUNG man and a young woman went after chestnuts, near Wheeling, one day last week. The young man fell from the top of a tree sixty-nine feet in height to the ground. The young lady picked him up and carried him a mile, when he recovered his senses. Nobody hurt.

THE New York *News*, anxious on account of the scarcity of men in the confederacy is exhorting the rebels who have sought refuge in that city, said to be some twenty thousand, to go home and fight.

There is considerable excitement in Cuyahoga County, Ohio, over the discovery of "indications" of oil.

GOOD nature is more agreeable in conversation than wit, however brilliant.

INSTALLATION OF REV. M. P. KINNEY.—An ecclesiastical Council convened at the 2d Congregational Church, Rockford, on Tuesday last, for the purpose of considering the expediency of installing Rev. M. P. Kinney, as pastor of said church.

The council was organized by the choice of Rev. Prof. Haven as moderator, and Rev. H. M. Goodwin, Scribe.

The call of the church and society to Rev. M. P. Kinney to be their pastor, and his acceptance of the same was presented to the council.

By direction of the council, the moderator proceeded to examine the candidate in regard to his views of theology and christian doctrine, and his religious experience.

After a thorough and careful examination for two hours, in which other members of the council participated freely, it was unanimously voted that the council were satisfied with the examination of the candidate, and they proceeded to assign the parts for the installation services to take place in the evening. A committee was appointed for this purpose, who reported the following order of religious services for the evening.

1. Invocation and reading of Scripture, by Rev. E. P. Dana.
2. Prayer, by Rev. F. A. Lawson.
3. Sermon by Rev. Prof. Haven.
4. Installing prayer, by Rev. H. Brown.
5. Charge to the Pastor, by Rev. S. J. Humphrey.
6. Right hand of Fellowship, by Rev. H. M. Goodwin.
7. Charge to the People, by Rev. A. L. Chapin.
8. Benediction by the Pastor.

In the evening the installation ceremonies took place according to the above order, a very large audience being in attendance. The exercises throughout were highly edifying and impressive.

Rev. Mr. Kinney enters into his new relation, under very favoring auspices. He will find a pleasant church and congregation, and we believe that he will fully sustain the high expectations had of his ability to fill the pulpit of that Church.—*Rockford Register.*

NEW YORK, Dec. 3.—The following is an extract from a letter received in this city by the owner of the steamer *Gen. Lyon*; dated 84 miles below Savannah, Nov. 27th.

Sherman is reported to be near Savannah, and the rebels are trembling in their shoes. (Signed) GEO. WARD,
Capt., Steamer Gen. Lyon.

NEW YORK, Dec. 3.—The *Commercial's* Washington special says: Richmond papers received to-day admit that Sherman is making rapid progress toward the sea coast, now that he had crossed the only formidable barrier to his advance; the Oconee river. They express the most intense alarm for the safety of Savannah; believing that Sherman is aiming to capture or destroy that city on his way to the coast.

PHILADELPHIA, Dec. 3.—The following special to the *Evening Telegraph*, dated Washington Dec. 3, 3 p. m., says the Government has received information that General Sherman had captured Milan, on the Georgia Central Railroad on the 29th ult. His army was concentrated and it is thought has moved to Savannah before this.

NEW YORK, Dec. 4.—The *Herald's* special says that Government officials are unusually jubilant over the news from Sherman. Government means are independent of the Richmond papers and more reliable of obtaining intelligence of Sherman's progress. It is confidently believed that Sherman has not only baffled the rebel Generals but has so far advanced beyond any serious interruption as to leave no doubt of his triumphant success.

NEW YORK, Dec. 4.—Savannah and other Georgia papers of the 27th, and Richmond papers of Dec. 1st are received from which the following summary is digested:

It appears that an attack was made on East Macon on Sunday the 30th. The rebels losing a battery which they subsequently recovered with a small loss on both sides. The attack was expected to be renewed on the 31st but it was not and the rebels came to the conclusion that the movement on Sunday was a feint. It was probably made by a small force of Slocum's corps.

The Augusta *Constitutionalist* of the 24th says Sherman's entire corps went over to the west side of the Oconee river on the night of the 22d, indicating the intention to pass by Augusta, and between that place and Macon, and make for the sea between Savannah and Brunswick.

Gov. Brown was in Macon where he had removed all valuables from Milledgeville.

The *Constitutionalist* states that rebel cavalry are burning barns, corn-cribs and everything that may be of use to Sherman in front of his main army on the Ocmulgee river.

The Savannah *Republican* of the 25th, contains dispatches which state that on the 24th, there was fighting all day at Oconee bridge which was held by the rebels. In the evening the federals had turned their guns in the opposite direction on the other side of the river, indicating an assault in the rear. Wheeler was said to be crossing 18 miles below the bridge to aid in its defense.

Another dispatch states that the federals had flanked Gen. Wayne at the Oconee bridge of the Central Railroad, compelling him to retreat. The federals also crossed at Balls Ferry, four miles below the bridge.

A later dispatch from Augusta, dated the 23d, to Gen. Hardee at Savannah, states that the enemy had been driven back across the Oconee and Gen. Wayne had returned to the bridge.

The Augusta *Constitutionalist* of the 24th, says apprehensions prevailed there on the 23d, in consequence of announcing the passage of the Oconee near Milledgeville, by the enemy who were reported to be advancing in the direction of Augusta.

Savannah and Augusta papers of the 28th, state that the force that captured Milledgeville remained there until the eve of the 24th, having burned the State-house, Brown's hotel, and the penitentiary and captured a small quantity of ammunition. The main body of Sherman's army was reported on the 24th to be thirteen miles west of Sandersville, coming towards Savannah, rapidly spreading devastation.

The Richmond *Whig* of the 1st says: Yesterday, the 30, Sherman was gradually approaching the coast, but refrains from giving the direction. He has met with no serious opposition since the repulse at Oconee, but efforts are making to head him off.

Wheeler had two victorious engagements with Kilpatrick's cavalry in one of which he captured Kilpatrick's hat.

Gen. Hardee telegraphs from Savannah, that he left Macon perfectly secure, and was making certain dispositions in that quarter.

The Richmond *Dispatch* of the 1st, says official intelligence of Sherman's movement and present whereabouts, was received yesterday, but does not mention said whereabouts. It says only fourteen gunboats and transports are now at Port Royal.

The Charleston *Mercury* of the 24th, says the enemy have 40 pieces of heavy ordnance on Morris Island, bearing on Sumter and Sullivan Island. They are busy mounting mortars and have burned out Bull's Bay. They have a fleet of some dozen monitors at Port Royal and some where on the coast they have a dozen and a half more. These preparations indicate an attack on Charleston and the advance of Sherman toward Augusta, warns us that no time is to be lost in preparing to meet the issue.

The Savannah *Republican* of the 25th says a large fleet is now assembled at Port Royal. Tybee and Dobose are making preparations for Sherman's arrival.

The Savannah *News* thinks that Sherman's destination is that city, and unless his army is either whipped and routed or captured he will reach that place.

The Hilton Head correspondent of the *Herald* says Gen. Foster proceeded up Broad river with an expedition and landed five miles below Pocotaligo bridge, and marched on and captured the bridge, which after sharp fighting the rebels evacuated. A large quantity of cotton was found and destroyed. It is supposed the rebel force along the coast has been materially lessened to concentrate a force against Sherman.

A naval correspondent of the *Herald* from off Charleston states that the blockade runner *Beatrice* was ashore and destroyed on the night of the 27th. Thirty of the crew were captured.

Admiral Dahlgren and Gen. Foster are in communication with Sherman, who is supposed to be moving on Savannah. A joint force has been organized to co-operate with him, while other expeditions are moving on other important strategic points.

It is reported on shore that Lee is marching against Sherman.

NEW YORK, Dec. 4.—Rebel papers state that Sherman ordered every house in East Tennessee to be burned and the country desolated, and refused to rescind the order on a petition from the citizens of Knoxville.

It is reported that Cumberland Gap is evacuated, the troops going to Knoxville.

NEW YORK, Dec. 4.—The steamer *Baltic* arrived at Annapolis Roads from Savannah, with 520 officers. Fifty-seven died on the passage and it is thought that more than two-thirds will never recover.

The latest news from Sherman was that he was within 40 miles of Savannah. All Georgia was in alarm. Papers of the 30th ult., while admitting this, say his progress has been stopped.

NEW YORK, Dec. 5.—The Richmond *Dispatch*, Dec. 1st, says a cavalry fight, in which we were victorious, took place in East Georgia on Tuesday. The Yankee cavalry under Kilpatrick, were attempting to cross the Savannah river when they were attacked by Wheeler and after a obstinate fight, were driven back in the direction of Mellen, losing very heavily.

The Richmond *Dispatch* of the 2d, also says Sherman's main army is moving towards the coast and a battle is expected.

The Richmond *Whig* of Dec. 2d says it does not seem that our authorities have any suspicion of the effect the movement of Hood would have, at least we judge so from the very feeble opposition which has thus far been made to the advance of Sherman. It is plain that he is moving to the coast and that thus far he has been enabled to live upon the country. We think it probable that Sherman will reach the Atlantic in comparative safety. His next move, in our opinion, will be by sea to Richmond. We don't believe he can succeed in taking either Augusta or Savannah. Indeed, should he succeed in capturing the first named place it will do him no good since he will find there nothing he was seeking. At the last named place he will have to fight and that he is very well aware of and does not wish to do before securing a lease upon the sea coast, which for the present at least, we think to be entirely out of the question.

Should he determine to secure himself on the sea coast and thence issue during the winter to ravage the country or carry on a regular campaign, he must be watched as we suppose he will be. In the meantime he abandons an immense tract of country in the interior, over which it is impossible that his army situated on the ocean and closely watched, can exercise an influence for good or evil.

We do not see that Sherman's last exploit will have any effect upon the issue of the war, but after having been told by the highest authority in the Confederacy that his retreat from Atlanta was to be more disastrous than the recall of Napoleon from Moscow, it is rather vexatious to find him getting off so cheaply, burning and murdering as he goes.

The Richmond *Dispatch* says seven hundred prisoners have been recovered at Augusta who were captured while forageing for Sherman's army.

The Governor has pardoned all the convicts in the Penitentiary, put arms in their hands and sent them to the front, except those put in for life, whom he could not release according to law.

Heavy cannonading was heard all yesterday in the direction of Macon. It is believed to be a battle between Sherman and our forces.

WASHINGTON, Dec. 5.—The *Republican* of this city, publishes the following:

By the arrival of a Government transport at Ft. Monroe, last evening, Government has received advices from Sherman to Dec. 2d, that when the steamer left, information had reached Savannah that Sherman's advance cavalry was within six miles of that city. This does not conflict with the news brought by the steamer *Belle* which arrived Saturday night, that Savannah papers announced Sherman's army to be within 40 miles of there. These papers do not state the date at which he was that distance from the city. A gentleman recently from Savannah, informs us that there are no important defenses on the west side of the city.

THE WAR IN TENNESSEE.

CINCINNATI, Dec. 3.—The *Gazette's* Nashville correspondent gives some additional particulars of the battle at Franklin. The plan of the battle was very simple, and we had no time to get up complete plans as the enemy pressed up too sorely and obliged us to fight off hand. The original plan was to withdraw the force of Gen. Schofield until meeting our reinforcements, and give battle in the vicinity of Nashville; but the over sanguine rebels pressed us too hard and when Schofield perceived that he could not avoid a contest, he drew up his little army in line of battle in front of Franklin. At 3½ oclock, the assault commenced with Chatham's corps on the right, Stewart's on the left and S. D. Lee's corps in reserve in the center. Chatham threw his whole corps on Wagner's division, with great impetuosity and after half an hour's desperate fighting, pushed Wagner's men back to the 2d line where they became mingled with Cox's and Ruger's men on our left and center.

The rebels, encouraged by the success of driving Wagner back, advanced with loud cheers on our 2d line. Their order of advancing was very peculiar. A semicircle two regiments deep, extended all around our lines and behind each alternate regiment, was placed four others, so that the assaulting columns were six regiments deep. Hood appeared about 4 p. m. at the head of his columns towards our line and said: "Break those lines, boys, and you have finished the war in Tennessee. Break them and there is nothing to oppose your march from Nashville to the Ohio river." Loud cheers answered the rebel leader and immediately the space in front of our line, was crammed with the advancing multitude.

Capt. Lyman, commanding artillery brigade, fourth corps, had placed his batteries in most favorable positions and from there storms of shot and shell were hurled into the charging ranks. With most reckless bravery the rebels rushed on and when within a few hundred yards of our works our boys opened upon them with so terrible a fire of musketry that it seemed as if nothing could live before it. On they came, rushing up to the very parapet of our works, and stuck their bayonets under the logs on our battlements. On the Columbia pike the pressure was so great that some of Coxe's and Wagner's men temporarly gave way. Up to this time a brigade commanded by the gallant Col. Opdyke, 125th Ohio, had been held in reserve. Col. Opdyke, by orders of General Stantly rushed forward with his brigade to restore the broken line. The rebels who had crawled over our works had no time to retire and Coxe's and Wagner's men, broken but a moment before, rallied, and attacked the enemy on the flank while Opdyke charged them in front, a desperate hand to hand fight ensued with bayonets and the butt ends of muskets. Hundreds of rebels were captured here, and the line was restored.

For two hours and a half the battle raged all along our line. Men of the 4th and 23d corps vied with each other in bravery. Riley's brigade of the 23d corps fairly covered the ground in front of it with rebel dead. The rebel Gen. Adams was killed and he and his horse fell into the ditch together in front of the 14th Ohio. Seventeen distinct attacks of the enemy were repelled. At dusk the rebels were repulsed at all points, but firing did not cease till 9 o'clock.

At least 5,000 rebels are killed, wounded, and captured, while our loss will only reach about 1,500. We have taken from the enemy 30 flags, the 70th Ohio taking half a dozen a piece.

Gen. Scofield directed the battle from the fort on the north bank of the stream where some heavy guns and batteries of the 23d corps were placed, and which did great service in damaging the enemy's right wing.

WASHINGTON, Dec 3.—The latest official information from the army of General Thomas says that he has so concentrated his forces at the fortifications of Nashville, as to be prepared for any movement that General Hood may venture to make.

NASHVILLE, Dec. 4.—No new developments to-day, save that our forces are still entrenched, the southeast wing resting on the Cumberland. The enemy's lines are plainly to be seen from high points in the suburbs and at the Capitol. They are entrenching themselves about three miles from the city. During the day heavy skirmishing occurred on our left and progressed along the line to the center. Many persons witnessed the cannonading along the right of our lines. Nothing important has transpired to-day. The general opinion is that Hood will attack the Federal force in front of Nashville. A Federal cavalry force has patrolled the north bank of the river at the fords to prevent the rebel cavalry from crossing, as numerous unsuccessful attempts have been made to cross since the 1st inst.

Johnsonville has been evacuated and the road has been interrupted, and a portion of the trains from there are advancing to this place by land.

NEW YORK, Dec. 5.—The *Times* Nashville special says the enemy's line of battle is just two miles from the city, on the Murfreesboro bridge. This post and Chattanooga are deemed safe.

Com. Fitch has a fleet of gunboats here. Gen. Cheatham has his head quarters at the house of Mr. Edmonson on the Murfreesboro pike, four miles from the city.

FROM CENTRAL AMERICA.

NEW YORK, Dec. 5.—A Panama letter dated the 16th received to-day, has the following important news: There was much excitement at Panama in the past week occasioned by the following incidents. On the 25th of October, the American Consul at Panama received a dispatch from Consul Schofeldt at Havanna, stating that the same steamer bringing the dispatch, would also take to Aspinwall a party of rebel pirates intending to seize the steamer *Guatamala*. The agent of the company was notified of the plot and sent the *Guatamala* to sea before the arrival of the pirates across the isthmus, consequently, they were obliged to remain in Panama until the 10th of November; the day of the sailing of the next steamer, the *Salvador*. Meantime, further information was obtained, and the plan for the capture of the whole gang matured. While there the rebels purchased 300 pounds of powder, put it in cans, and shipped it in the same steamer they intended to take passage in on the 10th.

The passengers embarked on the *Salvador* as usual, with their baggage and immediately on going on board, they were taken into the main saloon, ostensibly to have their tickets examined. Previously to this, all the windows and stateroom doors had been closed in order that no opportunity could be presented for hiding papers, &c. As soon as they were collected, a preconcerted signal was made, when Commander Davenport of the U. S. frigate *Lancaster*, sprang on board with several full armed boats' crews and announced to the astonished passengers that he had taken possession of the steamer.

Sufficient evidence was at once discovered to prove the reality of the plot, and the *Salvador* was taken to sea, over three marine miles, accompanied by the *Lancaster*. Papers revealing the whole affair, instructions from the rebel Secretary of the Navy, Mallory, small arms of all kinds, handcuffs, &c., were found in the possession of the pirates who were then transferred to the *Lancaster* and the *Salvador* proceeded on her voyage. The *Lancaster* returned to Panama with the prisoners, and before reaching Panama, the leader of the pirates made a full confession.

The names of pirates are T. E. Hogg, of Baltimore, Captain; E. A. Evans, Executive official; G. H. Black, Paymaster; R. B. Lyon, Sailing master; J. Meddle, Chief engineer; T. J. Grady, Assistant engineer, and Joseph Higgins, Paymaster clerk. Hogg was recently captured in the *Tristram Shandy* while running the blockade off Wilmington. His instructions from Mallory show he has a rebel commission and sailed from Wilmington for Havanna, where he made up his gang. They have confederate steamers all along the coast who were to join them. His instructions also were, after getting possession of the steamer to capture a California steamer with its treasure, and if not able to get the treasure across the Isthmus to deposite it with a reliable English firm in Valparaiso, or send it to Europe by a French man-of-war. The steamer *Guldueala* which arrived at Panama reports seeing many suspicious looking persons anxiously awaiting the arrival of the same steamer at LaLiberted and Acrpulco, evidently accomplices of the pirates.

FROM WASHINGTON.

NEW YORK, Dec. 3.—It is believed the Secretary of the Treasury will not recommend any additional tax on liquors, but will advise a tax on the sales on one-half of one per cent.

The President's message will be kept open till the latest moment in order to give the latest facts in relation to the progress of the war.

The *Post's* Washington special says it is reported that Secretary Stanton will recommend to Congress an amendment of the enrollment act so that drafted men cannot have such facilities for escape.

By a new mail arrangement between Washington and New York, there will be two trains each way through in ten hours.

FROM NEW YORK.

NEW YORK, Dec. 3.—Gold extremely dull. Price opened at 2.31, and at half past 11 declined to 3 27. Subsequently there was a rally to 2.30½.

MONDAY, DEC. 5, 1864.

The Next Chief Justice.

One of the most important duties devolving upon President Lincoln at the present time, is the appointment of a Chief Justice of the Supreme Court, to succeed Roger B. Taney recently deceased. Since the demise of the late Chief Justice, the telegraph has almost daily told us who was likely and who was not likely to be appointed to that important position. Of course the intelligent reader need not be informed that these telegraphic rumors have no other foundation than Washington hotel gossip, which is really nothing but the wildest and most unreliable sort of guessing. Now that Congress is in session, and the Senate is ready to confirm Mr. Lincoln's nominee, provided he is a fit man for the place, the President will undoubtedly send in the name of the man of his choice. Whose name it will be, no one can now positively tell; but if the President heeds the popular voice in this most important matter, he will send to the Senate the name of SALMON P. CHASE, of Ohio. In our judgment no other man possesses so many requisites for the place as he. As an eminent and distinguished lawyer, he had won his way to the front rank of his profession long before he entered the political arena. As a United States Senator, he was the peer of the ablest and the best members that ever adorned that august body. As Governor of the great State of Ohio (twice elected), he was known throughout the land as a wise and judicious administrator. As Secretary of the Treasury for three years under Mr. Lincoln, during a period of financial distress and embarrassment unparalleled in the history of the nation, he exhibited the profoundest qualities of statesmanship. No living man in America has been so thoroughly and so severely tested in the different departments of our governmental affairs as he, and has stood the test as well. What there is in the way of his appointment we cannot imagine, unless it be a feeling of jealousy on the part of Mr. Lincoln, which he can now well afford to trample under his feet. Mr. Lincoln owes it to the friends of Mr. Chase and to the nation, to forget the past and use the present great opportunity to fill the office of Chief Justice in a manner that shall reflect credit on his own name forever.

Another strong reason for the appointment of the ex-secretary, is found in the important fact that no other man whose name has been mentioned in connection with the high office in question, would so certainly imbue our national jurisprudence with the new spirit of universal freedom as Mr. Chase. The evil spirit of slavery that has so long tormented the sorrowing soul of Liberty, through the influence of a TANEY, must now be exorcised by the voice of the new dispensation. An infusion of genuine abolitionism is just what that Court needs to save it from the scorn and contempt of mankind, and that is just what it would be sure to get in the person of SALMON P. CHASE.

HARDEE AND BEAUREGARD AT MACON—WHO IS IN FRONT OF SHERMAN?

(From the Macon Confederate, November 20)

Lieutenant General Hardee arrived in the city this morning.

General Beauregard will probably be in town to-morrow afternoon. The clarion voice of this gallant Louisianian, like the blast of Rhoderic's bugle, will be worth a thousand men.

THE NEWSPAPERS LEAVING MACON.

The *Southern Confederacy* and the *Intelligencer* have packed up and left the city. We learn that they are going eastward.

THE GEORGIA LEGISLATURE ORDERED INTO THE TRENCHES AT MACON, BUT ESCAPED.

(From the Augusta Constitutionalist Nov. 22.)

Everybody about Macon is in the trenches. The members of the Legislature passing through, were arrested and efforts made to put them in the ranks, but all efforts failed, and they managed to get off.

AN APATHY EXISTING IN GEORGIA.

From the Augusta Register, Nov. 22.

It is high time that our citizens looked the stern emergency in the face and prepare themselves accordingly to ward off the danger. The worst feature prevalent in our midst is a universal apathy. A frightened multitude may reach to deeds and sentiments of heroism; but apathy is like the silence that broods over the Dead Sea. The enemy can be thrust back if we will it.

SHERMAN GIVING THE REBELS A WISHED FOR OPPORTUNITY TO DESTROY HIM.

From the Augusta Constitutionalist, Nov. 20.

We must retard, harass, starve, destroy the army of Sherman. The opportunity is ours. The hand of God is in it. The blow, if we can give it as it should be given, may end the war. We urge our friends in the track of the advance, to remove all forage and provisions, horses, mules, negroes and stock, and burn the balance. Let the invader find the desolation he would leave behind him staring him in the face. You must do it yourself or the enemy will do it.

Let the cry of Beauregard, who is now with us, go up through the State—to arms! to arms! to arms!

SLOCUM'S INFANTRY STILL WEST OF THE OCONEE ON THE 21ST INST.

From the Augusta Constitutionalist, Nov. 22.

Our only reliable information of the position and movements of the enemy up the Georgia road is that the bridge over the Oconee has been burned by them. Their infantry force is still on the Atlanta side of that stream. This bridge is seven miles above Greensboro. Up the river from it, fourteen miles, is the Flat Shoals crossing; and below, nine miles, is another bridge. Greensboro' is eighty miles from Augusta.

THE RICHMOND AUTHORITIES HEAR GOOD NEWS FROM GEORGIA.

From the Richmond Whig, Nov. 25.

Just before going to press we learn that the War Department had received information from Georgia of an eminently encouraging character. We refrain from making a more definite statement of the news as it has reached us, but we are warranted in assuring our readers that the official advice from Georgia are as favorable as we could expect.

HOW SHERMAN IS TO BE DESTROYED.

From the Augusta Constitutionalist, Nov. 22.

To our country friends we again reiterate the advice—the advices of our Generals and Congressmen, the advice which common sense would give: Cut trees across all the roads in front of the enemy, burn the bridges, remove everything possible in time, and before he arrives, burn and destroy what cannot be removed—leave nothing upon which he can subsist; and hide the millstones and machinery of all mills. The cattle of the country should be driven off, and the hogs unpenned and hastened into the woods and swamps. By such a course our own citizens, without guns, can conquer the enemy.

GEN. SHERMAN'S RETREAT—A REBEL IDEA OF HIS CAMPAIGN.

From the Augusta (Ga.,) Constitutionalist.

It is fully believed that Gen. Sherman, finding his way North entirely closed, and a bold and defiant army confronting him, has determined upon making a bold retreat to the rear, where no army of consequence can impede his movement.

In our judgment it is the anabasis of Sherman. It is plain his only object can be the making of a certain and secure base. He must move fast and obtain his object speedily, or he is lost.

His movement is occasioned by the fact that Forrest has destroyed his stores at Johnsonville and cut his communication on the North.

Sherman has many weary miles to march in obtaining his object. It is absurdity to talk about his making a winter campaign with no communication with his Government. How long will the amunition he carries last him? He is retreating—simply retreating, He will destroy as he goes, but that makes it none the less so.

A YORKSHIRE PIE.—First of all a receptacle is built of the shape and size of a good large cheese box, composed of "scalt crust" (that is, made with scalding water) about an inch thick; put no butter in the crust, but in its place fresh beef suet, chopped as fine as possible, so that, when well kneaded together, the walls of the receptacle stand firm and erect. Now for the inside; Take a fine mellow ham (a Yorkshire one if you can get it; if not, a sugar-cured Virginian), a fine turkey, a goose, a couple of chickens, a couple of ducks, a couple of rabbits, a hare, a brace of pheasants, a few slices of venison, half a dozen patridges, half a dozen pigeons, a dozen quail or woodcock, two or three pounds of sausage meat, some sweet herbs and seasoning; and having deprived the foregoing of all their bones, proceed to stow them away in layers in your crust receptacle, just as tight as ever you can them, until it is brim full, and solid; then take a quantity of strong but unsweetened warm calves' foot jelly, and pour it in until the interstices are filled up; then put a top crust of the same thickness on a piece of sheet iron in a quite cool oven, and let it slowly bake for three or four hours; take it out very gently and let it stand until next day, and then when you cut it you will find it come out quite solid, like a piece of varigated marble, tasting of everything in general but nothing in particular—a dish that would "raise an appetite beneath the ribs of death." It will be a bonnie pie, too, but there is no fear of its spoiling, for it will keep a couple of months, if needful, or you can manage anyhow to keep it. Don't talk any more of boned turkey with truffles, or *pate de fois gras* from Strasburg, for neither are to be named in the same generation with a Yorkshire pie.

THE WAY TO SELECT FLOUR.—First, look at the color, if it is white with a yellow or straw colored tint, buy it. If it is very white, with a bluish cast, or with specks in it, refuse it. Second, examine its adhesiveness; wet and knead a little of it between your fingers; if it works soft and sticky, it is poor. Third, throw a lump of the flour on a smooth surface; if it falls like powder it is bad. Fourth, squeeze some of the flour in your hand; if it retains the shape given by the pressure, that too is a good sign. Flour that will stand these tests, is safe to buy.

These modes are given by old flour dealers, and they pertain to a matter that concerns everybody—the staff of life.

The New York *Tribune* says, "The reason why Drake's Plantation Bitters are so universally used and have such an immense sale, is that they are always made up to the original standard, of highly invigorating material and of pure quality, although the prices have so largely advanced," &c.

The *Tribune* just hits the nail on the head. The Plantation Bitters are not only made of pure material, but the people are told what it is. The Recipe is published around each bottle, and the bottles are not reduced in size. At least twenty imitations and counterfeits have sprung up. They impose upon the people once and that's the last of them.

The Plantation Bitters are now used in all the Government Hospitals, are recommended by the best physicians, and are warranted to produce an *immediate* beneficial effect. Facts are stubborn things.

NEW BEDFORD, Mass., Nov. 24, 1863.

DEAR SIR:—I have been afflicted many years with severe prostrating cramps in my limbs, cold feet and hands, and a general disordered system. Physicians and medicine failed to relieve me. Some friends in New York, who were using Plantation Bitters, prevailed upon me to try them. I commenced with a small wine glassfull after dinner. Feeling better by degrees, in a few days I was astonished to find the coldness and cramps had entirely left me, and I could sleep the night through, which I had not done for years. I feel like another being. My appetite and strength have also greatly improved by the use of the Plantation Bitters. Respectfully, JUDITH RUSSELL.

If the ladies of American but knew what thousands of them are constantly relating to us, we candidly believe one half of the weakness, prostration and distress experienced by them would vanish. James Marsh, Esq., of 159 West 14th St., N. Y., says, "he has three children, the first two are weak and puny, his wife having been unable to nurse or attend them, but that she has taken Plantation Bitters for the last two years, and has a child now eighteen months old which she has nursed and reared herself, and both are hearty, saucy and well. The article is invaluable to mothers," &c.

Such evidence might be continued for a volume. The best evidence is to try them. They speak for themselves. Persons of sedentary habits troubled with weakness, lassitude, palpitation of the heart, lack of appetite, distress after eating, torpid liver, constipation, diabetes, &c., will find speedy relief through these Bitters.

They are now sold by all respectable dealers throughout the habitable globe. Be sure each bottle has our private United States Stamp over the top, and take none other. We do not sell it in any other way. Any person pretending to sell Plantation Bitters by the gallon is an imposter, and should be immediately reported to us. Beware of *refilled* bottles; examine and see that the stamp has not been mutilated.

AUTOMATIC ORGANS!

SCHOOL ORGANS,

AND

MELODEONS!

35,000 Now in Use.

Every Instrument Warranted for 5 Y'rs

In presenting the AUTOMATIC ORGAN, we boldly announce the greatest triumph in musical instruments of the age. During the past half century, the French and Germans have manufactured reed instruments with double bellows, and two pedals for the feet to operate, but the want of the reversed or EXHAUSTION BELLOWS, (which is the only bellows used in our instruments,) made it impossible for them to produce the mellow, rich and musical tone for which our instruments are celebrated.

Another objection to this method of blowing was, that both feet being occupied, no opportunity was offered for the management of the swell. Within the past two years, instruments constructed on this European plan of "double blowers," have been manufactured in this country, and to counteract this difficulty (want of a swell) a lever has been projected from the centre of the instrument, to act upon the swell, AND OPERATED BY THE KNEE. The inconvenience and contortion necessary to effect this object, are disagreeable enough to a gentleman, but to a lady the use of such an appendage is nearly impossible.

Our AUTOMATIC device obviates this difficulty entirely, the simple act of blowing with more or less force giving the desired increase or decrease in the volume of tone.

For seventeen years the superior excellence of our Melodeons has not been questioned, and for two years past the enormous demand has made it impossible for us to meet our orders promptly. With our increased facilities, we feel warranted in assuring our patrons that their orders will be promptly met, and solicit a continuance of their patronage.

A liberal discount to clergymen, churches and schools.

After having played on the Piano of Messrs. Knabe & Co., it is impossible not to bear testimony to their qualities, which have acquired for them the eminent reputation which they enjoy. The Pianos of their manufacture, on which I have played, are exceedingly remarkable for their qualities. The bass is powerful without harshness, and the upper notes sweet, clear and harmoniously mellow, (chrystaline,) and I do not hesitate to express in regard to these instruments my entire satisfaction, and to declare that they are equal *if not superior* to the best manufactured in Europe or this country by the most celebrated makers.

Janesville Daily Gazette.

MONDAY, DEC. 5, 1864.

The Next Chief Justice.

One of the most important duties devolving upon President Lincoln at the present time, is the appointment of a Chief Justice of the Supreme Court, to succeed Roger B. Taney recently deceased. Since the demise of the late Chief Justice, the telegraph has almost daily told us who was likely and who was not likely to be appointed to that important position. Of course the intelligent reader need not be informed that these telegraphic rumors have no other foundation than Washington hotel gossip, which is really nothing but the wildest and most unreliable sort of guessing. Now that Congress is in session, and the Senate is ready to confirm Mr. Lincoln's nominee, provided he is a fit man for the place, the President will undoubtedly send in the name of the man of his choice. Whose name it will be, no one can now positively tell; but if the President heeds the popular voice in this most important matter, he will send to the Senate the name of SALMON P. CHASE, of Ohio. In our judgment no other man possesses so many requisites for the place as he. As an eminent and distinguished lawyer, he had won his way to the front rank of his profession long before he entered the political arena. As a United States Senator, he was the peer of the ablest and the best members that ever adorned that august body. As Governor of the great State of Ohio (twice elected), he was known throughout the land as a wise and judicious administrator. As Secretary of the Treasury for three years under Mr. Lincoln, during a period of financial distress and embarrassment unparalleled in the history of the nation, he exhibited the profoundest qualities of statesmanship. No living man in America has been so thoroughly and so severely tested in the different departments of our governmental affairs as he, and has stood the test as well. What there is in the way of his appointment we cannot imagine, unless it be a feeling of jealousy on the part of Mr. Lincoln, which he can now well afford to trample under his feet. Mr. Lincoln owes it to the friends of Mr. Chase and to the nation, to forget the past and use the present great opportunity to fill the office of Chief Justice in a manner that shall reflect credit on his own name forever.

Another strong reason for the appointment of the ex-secretary, is found in the important fact that no other man whose name has been mentioned in connection with the high office in question, would so certainly imbue our national jurisprudence with the new spirit of universal freedom as Mr. Chase. The evil spirit of slavery that has so long tormented the sorrowing soul of Liberty, through the influence of a TANEY, must now be exorcised by the voice of the new dispensation. An infusion of genuine abolitionism is just what that Court needs to save it from the scorn and contempt of mankind, and that is just what it would be sure to get in the person of SALMON P. CHASE.

HARDEE AND BEAUREGARD AT MACON—WHO IS IN FRONT OF SHERMAN?

(From the Macon Confederate, November 20.)

Lieutenant General Hardee arrived in the city this morning.

General Beauregard will probably be in town to-morrow afternoon. The clarion voice of this gallant Louisianian, like the blast of Rhoderic's bugle, will be worth a thousand men.

THE NEWSPAPERS LEAVING MACON.

The *Southern Confederacy* and the *Intelligencer* have packed up and left the city. We learn that they are going eastward.

THE GEORGIA LEGISLATURE ORDERED INTO THE TRENCHES AT MACON, BUT ESCAPED.

(From the Augusta Constitutionalist Nov. 22.)

Everybody about Macon is in the trenches. The members of the Legislature passing through, were arrested and efforts made to put them in the ranks, but all efforts failed, and they managed to get off.

AN APATHY EXISTING IN GEORGIA.

From the Augusta Register, Nov. 22.

It is high time that our citizens looked the stern emergency in the face and prepare themselves accordingly to ward off the danger. The worst feature prevalent in our midst is a universal apathy. A frightened multitude may reach to deeds and sentiments of heroism; but apathy is like the silence that broods over the Dead Sea. The enemy can be thrust back if we will it.

SHERMAN GIVING THE REBELS A WISHED FOR OPPORTUNITY TO DESTROY HIM.

From the Augusta Constitutionalist, Nov. 20.

We must retard, harass, starve, destroy the army of Sherman. The opportunity is ours. The hand of God is in it. The blow, if we can give it as it should be given, may end the war. We urge our friends in the track of the advance, to remove all forage and provisions, horses, mules, negroes and stock, and burn the balance. Let the invader find the desolation he would leave behind him staring him in the face. You must do it yourself or the enemy will do it.

Let the cry of Beauregard, who is now with us, go up through the State—to arms! to arms! to arms!

SLOCUM'S INFANTRY STILL WEST OF THE OCONEE ON THE 21ST INST.

From the Augusta Constitutionalist, Nov. 22.

Our only reliable information of the position and movements of the enemy up the Georgia road is that the bridge over the Oconee has been burned by them. Their infantry force is still on the Atlanta side of that stream. This bridge is seven miles above Greensboro. Up the river from it, fourteen miles, is the Flat Shoals crossing; and below, nine miles, is another bridge. Greensboro' is eighty miles from Augusta.

THE RICHMOND AUTHORITIES HEAR GOOD NEWS FROM GEORGIA.

From the Richmond Whig, Nov. 25.

Just before going to press we learn that the War Department had received information from Georgia of an eminently encouraging character. We refrain from making a more definite statement of the news as it has reached us, but we are warranted in assuring our readers that the official advice from Georgia are as favorable as we could expect.

HOW SHERMAN IS TO BE DESTROYED.

From the Augusta Constitutionalist, Nov. 22.

To our country friends we again reiterate the advice—the advices of our Generals and Congressmen, the advice which common sense would give: Cut trees across all the roads in front of the enemy, burn the bridges, remove everything possible in time, and before he arrives, burn and destroy what cannot be removed—leave nothing upon which he can subsist; and hide the millstones and machinery of all mills. The cattle of the country should be driven off, and the hogs unpenned and hastened into the woods and swamps. By such a course our own citizens, without guns, can conquer the enemy.

GEN. SHERMAN'S RETREAT—A REBEL IDEA OF HIS CAMPAIGN.

From the Augusta (Ga.,) Constitutionalist.

It is fully believed that Gen. Sherman, finding his way North entirely closed, and a bold and defiant army confronting him, has determined upon making a bold retreat to the rear, where no army of consequence can impede his movement.

In our judgment it is the anabasis of Sherman. It is plain his only object can be the making of a certain and secure base. He must move fast and obtain his object speedily, or he is lost.

His movement is occasioned by the fact that Forrest has destroyed his stores at Johnsonville and cut his communication on the North.

Sherman has many weary miles to march in obtaining his object. It is absurdity to talk about his making a winter campaign with no communication with his Government. How long will the amunition he carries last him? He is retreating—simply retreating, He will destroy as he goes, but that makes it none the less so.

A YORKSHIRE PIE.—First of all a receptacle is built of the shape and size of a good large cheese box, composed of "scalt crust" (that is, made with scalding water) about an inch thick; put no butter in the crust, but in its place fresh beef suet, chopped as fine as possible, so that, when well kneaded together, the walls of the receptacle stand firm and erect. Now for the inside; Take a fine mellow ham (a Yorkshire one if you can get it; if not, a sugar-cured Virginian), a fine turkey, a goose, a couple of chickens, a couple of ducks, a couple of rabbits, a hare, a brace of pheasants, a few slices of venison, half a dozen patridges, half a dozen pigeons, a dozen quail or woodcock, two or three pounds of sausage meat, some sweet herbs and seasoning; and having deprived the foregoing of all their bones, proceed to stow them away in layers in your crust receptacle, just as tight as ever you can them, until it is brim full, and solid; then take a quantity of strong but unsweetened warm calves' foot jelly, and pour it in until the interstices are filled up; then put a top crust of the same thickness on a piece of sheet iron in a quite cool oven, and let it slowly bake for three or four hours; take it out very gently and let it stand until next day, and then when you cut it you will find it come out quite solid, like a piece of varigated marble, tasting of everything in general but nothing in particular—a dish that would "raise an appetite beneath the ribs of death." It will be a bonnie pie, too, but there is no fear of its spoiling, for it will keep a couple of months, if needful, or you can manage anyhow to keep it. Don't talk any more of boned turkey with truffles, or *pate de fois gras* from Strasburg, for neither are to be named in the same generation with a Yorkshire pie.

THE WAY TO SELECT FLOUR.—First, look at the color, if it is white with a yellow or straw colored tint, buy it. If it is very white, with a bluish cast, or with specks in it, refuse it. Second, examine its adhesiveness; wet and knead a little of it between your fingers; if it works soft and sticky, it is poor. Third, throw a lump of the flour on a smooth surface; if it falls like powder it is bad. Fourth, squeeze some of the flour in your hand; if it retains the shape given by the pressure, that too is a good sign. Flour that will stand these tests, is safe to buy.

These modes are given by old flour dealers, and they pertain to a matter that concerns everybody—the staff of life.

The New York *Tribune* says, "The reason why Drake's Plantation Bitters are so universally used and have such an immense sale, is that they are always made up to the original standard, of highly invigorating material and of pure quality, although the prices have so largely advanced," &c.

The *Tribune* just hits the nail on the head. The Plantation Bitters are not only made of pure material, but the people are told what it is. The Recipe is published around each bottle, and the bottles are not reduced in size. At least twenty imitations and counterfeits have sprung up. They impose upon the people once and that's the last of them.

The Plantation Bitters are now used in all the Government Hospitals, are recommended by the best physicians, and are warranted to produce an *immediate* beneficial effect. Facts are stubborn things.

" * * * The Plantation Bitters have cured me of a derangement of the kidneys and the urinary organs that has distressed me for years. It acts like a charm.

C. C. MOORE, 254 Broadway.

NEW BEDFORD, Mass., Nov. 24, 1863.

DEAR SIR:—I have been afflicted many years with severe prostrating cramps in my limbs, cold feet and hands, and a general disordered system. Physicians and medicine failed to relieve me. Some friends in New York, who were using Plantation Bitters, prevailed upon me to try them. I commenced with a small wine-glassfull after dinner. Feeling better by degrees, in a few days I was astonished to find the coldness and cramps had entirely left me, and I could sleep the night through, which I had not done for years. I feel like another being. My appetite and strength have also greatly Improved by the use of the Plantation Bitters. Respectfully,

JUDITH RUSSELL.

If the ladies of American but knew what thousands of them are constantly relating to us, we candidly believe one half of the weakness, prostration and distress experienced by them would vanish. James Marsh, Esq., of 159 West 14th St., N. Y., says; "he has three children, the first two are weak and puny, his wife having been unable to nurse or attend them, but that she has taken Plantation Bitters for the last two years, and has a child now eighteen months old which she has nursed and reared herself, and both are hearty, saucy and well. The article is invaluable to mothers," &c.

Such evidence might be continued for a volume The best evidence is to try them. They speak for themselves. Persons of sedentary habits troubled with weakness, lassitude, palpitation of the heart, lack of appetite, distress after eating, torpid liver, constipation, diabetes, &c., will find speedy relief through these Bitters.

They are now sold by all respectable dealers throughout the habitable globe. Be sure each bottle has our private United States Stamp over the top, and take none other. We do not sell it in any other way. Any person pretending to sell Plantation Bitters by the gallon is an impostor, and should be immediately reported to us. Beware of *refilled* bottles; examine and see that the stamp has not been mutilated.

A SUPERIOR REMEDY.

We can conscientiously recommend to those suffering from a distressing cough, Dr. Strickland's Mellifluous Cough Balsam. It gives relief almost instantaneous, and is withal not disagreeable to the taste. There is no doubt but the Mellifluous Cough Balsam is one of the best preparations now in use, and is all that its proprietor claims for it. We have tried it during the past week, and found relief from a most distressing cough. It is prepared by Dr. Strickland, No. 6 East Fourth street, Cincinnati, O., and for sale by Druggists at 60 cents per bottle.

AUTOMATIC ORGANS!

SCHOOL ORGANS,

AND

MELODEONS!

35,000 Now in Use.

Every Instrument Warranted for 5 Y'rs

In presenting the AUTOMATIC ORGAN, we boldly announce the greatest triumph in musical instruments of the age. During the past half century, the French and Germans have manufactured reed instruments with double bellows, and two pedals for the feet to operate, but the want of the reversed or EXHAUSTION BELLOWS, (which is the only bellows used in our instruments,) made it impossible for them to produce the mellow, rich and musical tone for which our instruments are celebrated.

Another objection to this method of blowing was, that both feet being occupied, no opportunity was offered for the management of the swell. Within the past two years, instruments constructed on this European plan of "double blowers," have been manufactured in this country, and to counteract this difficulty (want of a swell) a lever has been projected from the centre of the instrument, to act upon the swell, AND OPERATED BY THE KNEE. The inconvenience and contortion necessary to effect this object, are disagreeable enough to a gentleman, but to a lady the use of such an appendage is nearly impossible.

Our AUTOMATIC device obviates this difficulty entirely, the simple act of blowing with more or less force giving the desired increase or decrease in the volume of tone.

For seventeen years the superior excellence of our Melodeons has not been questioned, and for two years past the enormous demand has made it impossible for us to meet our orders promptly. With our increased facilities, we feel warranted in assuring our patrons that their orders will be promptly met, and solicit a continuance of their patronage.

A liberal discount to clergymen, churches and schools.

GOTTSCHALK ON KNABE.

[Translated from the French.]

After having played on the Piano of Messrs. Knabe & Co., it is impossible not to bear testimony to their qualities, which have acquired for them the eminent reputation which they enjoy. The Pianos of their manufacture, on which I have played, are exceedingly remarkable for their qualities. The bass is powerful without harshness, and the upper notes sweet, clear and harmoniously mellow, (chrystaline,) and I do not hesitate to express in regard to these instruments my entire satisfaction, and to declare that they are equal *if not superior* to the best manufactured in Europe or this country by the most celebrated makers.

Signed, L. M. GOTTSCHALK.

And all other Complaints that Lead to Consumption,

Are treated by DR. HALE, at the

Wisconsin Throat & Lung Institute,

by a *new method*, and with remedies that are eminently successful in the above class of chronic diseases.

The thinking and unbiased portion of the community will appreciate the great advantage of a permanent and reliable Institute for the cure of chronic diseases that usually baffle the skill of the general practitioner.

Catarrh, that great promoting cause of Consumption in the Northwest, always gives way upon application of the new remedies. Dr. Hale has never encountered a case of this disease he could not cure. The present season is very favorable for supplying proper remedies; delays are dangerous. Your case may be cured this month, not next, to-day, not to-morrow.

All who are suffering from any of the diseases Dr. Hale makes a specialty in treating, should at least call and investigate the new system for themselves. No person of good sense and sound judgment will, without full and careful investigation, denounce as "humbug" that which claims to possess merit.

Dr. Hale takes pleasure in referring to the following responsible parties, citizens of Janesville, who can speak knowingly as to the efficacy of Dr. Hale's treatment, not to mention hundreds of others in the Northwest that have been cured:

M. Schuyler, proprietor of the Schuyler House; De Witt Davis, N. G. Kenistou, D. R. Stout, F. J. Tupper Ellis Doty, job printer, J. D. Rayner, W. H. Mann, E. R. Buckley, N. Rowe, John Kerr, J. P. Drake, Wm. Hyzer, Mrs. W. W. Wheeler, Mrs. C. J. Cheney, Miss Hello Shattuck, Miss N. Wiley.

Here all corruptible teeth may be exchanged for incorruptible ones, that never decay or ache; but, like the rose in bloom, are always beautiful but never fade.

They are set on condensed vulcanite plates which finish up in a very superior style, susceptible of the highest polish and two or as strong as the common rubber plates; and are made with invisible air chambers which adhere with such tenacity that 15 or 20 pounds weight will not detach them; yet they set perfectly easy in the mouth.

DR. KNAPP & SON

Physicians & Surgeons,

FORMERLY OF NEW YORK,

are treating successfully

CHRONIC DISEASES,

On a New System!

Which embraces the best and most approved methods in this and other countries for the cure of all Chronic Diseases.

They treat successfully

All Nervous & Neuralgic Affections,

All forms of Scrofula, Dyspepsia, Diseases of the Liver, Constipation, all Skin Diseases, Pulmonary Consumption in its early stages, Paralysis, Epilepsy, Salt Rheum Headaches, all Heart Diseases, Diseases of Children and

Seminal Weakness, & Sexual Diseases,

Which are carrying thousands to their graves annually.

EYE AND EAR!

They treat successfully, on a new method, all diseases of the Eye and Ear. They have had more extensive practice, and better success in the treatment of all

DISEASES OF WOMEN,

Than any other Physicians in America. They have cured women who have been confined to their bed for years. They never fail to cure

RHEUMATISM!

In all stages, no matter of how long standing. They cure

ASTHMA,

so it never returns. They have a Sure Cure for the distressing disease,

Hemmorrhoids, or Piles!

They cure all Diseases of the

Throat and Lungs!

DIPTHERIA CURED!

They have discovered a

SURE AND SPEEDY CURE

For this Terrible Disease!

It is also a sure cure for Scarlatina, or Scarlet Fever, which is of the same class of disease. It never fails to cure Diphtheria or Scarlatina in from 12 to 18 hours. It gives relief immediately.

PRICE PER BOTTLE, - - $5.00

CANCERS!

They have had an extensive practice and wonderful success in the treatment of Cancers, which they CURE without cutting them out or using the Knife. Let those who have

TUMORS OR SWELLINGS,

or a red spot lose no time in having it attended to, as a timely treatment may save them from the horrors, suffering and death of an open cancer.

CATARRH CURED!

They are treating Catarrh on a new system which is a

SURE CURE FOR THIS DISEASE!

Experience has proved that Catarrh *cannot* be cured by *local* treatment *alone*; hence, the many advertised cures for Catarrh, all of which are local remedies, give relief *only* while the patient is using them, but *never cure.*

Understanding the disease and we know it *cannot* be cured by local treatment *alone*, therefore, we also prescribe a *constitutional* remedy to be taken, and by the combined *local* and *constitutional* treatment, we are enabled to remove the *causes* of Catarrh, and thereby effect

A PERMANENT CURE.

THEIR CONSULTATIONS for years have averaged from five to seven thousand a year, which gives them an experience unsurpassed by any, and equalled only by a few.

☞ Remember they do not promise to cure all cases of Disease. While all diseases are curable, if taken in season, all stages are not. Your case may be curable this week, but next—to-day, but to-morrow; hence the danger of delay.

No case will be received, when there are any doubts of Cure or Relief.

Our Terms are CASH; hence the money must be sent with all orders for medicines. It costs from five to fifteen dollars per month, to doctor with us, which includes medicines.

☞ The poor will be favored.

CONSULTATION FREE.

Patients must write their name, State, post office address, plainly. All letters requiring an answer, must contain a letter stamp, and be addressed to DR. KNAPP & SON, Racine, Wisconsin.

☞ Any of the above diseases can be treated successfully by the patients' describing their case in a letter, when they cannot see us.

Dr. Knapp, who has visited Janesville regularly for seven years, can be consulted at the Hyatt House. nov15dawly288

CATARRH, THROAT DISEASES!

ASTHMA, BRONCHITIS!

Early Stages of Consumption!

LIVER COMPLAINTS,

Diseases of Women!

And all other Complaints that Lead to Consumption,

Are treated by DR. HALE, at the

Wisconsin Throat & Lung Institute,

Myers' Block, Janesville,

by a *new method*, and with remedies that are eminently successful in the above class of chronic diseases.

The thinking and unbiased portion of the community will appreciate the great advantage of a permanent and reliable Institute for the cure of chronic diseases that usually baffle the skill of the general practitioner.

Catarrh, that great promoting cause of Consumption in the Northwest, always gives way upon application of the new remedies. Dr. Hale has never encountered a case of this disease he could not cure. The present season is very favorable for applying proper remedies; delays are dangerous. Your case may be cured this month, not next, to-day, not to-morrow.

All who are suffering from any of the diseases Dr. Hale makes a speciality in treating, should at least call and investigate the new system for themselves. No person of good sense and sound judgment will, without full and careful investigation, denounce as "humbug" that which claims to possess merit.

☞Dr. Hale takes pleasure in referring to the following responsible parties, citizens of Janesville, who can speak knowingly as to the efficacy of Dr. Hale's treatment, not to mention hundreds of others in the Northwest that have been cured:

M. Schuyler, proprietor of the Schuyler House; De Witt Davis, N. G. Konkston, D. R. Stent, F. J. Tupper Ellis Doty, job printer, J. D. Hayner, W. H. Mann, E. R. Beckley, N. Rowe, John Kerr, J. F. Drake, Wm. Hyzer, Mrs. W. W. Wheeler, Mrs. C. J. Cheney, Miss Belle Shattuck, Miss N. Wiley.

The list could be extended to an indefinite length, but the above will suffice.

☞ Consultations free. A friendly chat will cost you nothing. 280mr17dawtf.

Without any Advance in Price

over the old prices, though furniture has everywhere also advanced at least from 25 to 75 cents over the old rates, and as it may be believed that he, too, asks more for furniture than he did before, he will disprove this to every one who will call and examine his stock, as he is sure to give entire satisfaction to the most fastidious, both in regard to price, quality and beauty of style, which can not be surpassed here or elsewhere.

Among my numerous articles I can only mention Sofas, Tete-a-Tetes, Sofa, Mahogany, Flag, Cane and Wooden Seat Chairs, Lounges, Marble Top, Center Card, Extension, Dining, Breakfast and Kitchen Tables Mahogany, Cherry and Black Walnut Bureaus of all kinds, Bedsteads of every description, Cottins of all sizes and trimmed in every variety of style constantly on hand.

Here all corruptible teeth may be exchanged for incorruptible ones, that never decay or ache; but, like the rose in bloom, are always beautiful but never fade.

They are set on condensed vulcanite plates which finish up in a very superior style, susceptible of the highest polish and twice as strong as the common rubber plates; and are made with invisible air chambers which adhere with such tenacity that 15 or 20 pounds weight will not detach them; yet they set perfectly easy in the mouth.

DR. KNAPP & SON

Physicians & Surgeons,

FORMERLY OF NEW YORK,

are treating successfully

CHRONIC DISEASES,

On a New System!

Which embraces the best and most approved methods in this and other countries for the cure of all Chronic Diseases.

They treat successfully

All Nervous & Neuralgic Affections,

All forms of Scrofula, Dyspepsia, Diseases of the Liver, Constipation, all Skin Diseases, Pulmonary Consumption in its early stages, Paralysis, Epilepsy, Salt Rheum Headaches, all Heart Diseases, Diseases of Children and

Seminal Weakness, & Sexual Diseases,

Which are carrying thousands to their graves annually.

EYE AND EAR!

They treat successfully, on a new method, all diseases of the Eye and Ear. They have had more extensive practice, and better success in the treatment of all

DISEASES OF WOMEN,

Than any other Physicians in America. They have cured women who have been confined to their bed for years. They never fail to cure

RHEUMATISM!

In all stages; no matter of how long standing. They cure

ASTHMA,

as it never returns. They have a Sure Cure for the distressing disease,

Hemmorrhoids, or Piles!

They cure all Diseases of the

Throat and Lungs!

DIPTHERIA CURED!

They have discovered a

SURE AND SPEEDY CURE

For this Terrible Disease!

It is also a sure cure for Scarlatina, or Scarlet fever, which is of the same class of disease. It never fails to cure Diptheria or Scarlatina in from 12 to 48 hours. It gives relief immediately.

PRICE PER BOTTLE, - - $5.00

CANCERS!

They have had an extensive practice and wonderful success in the treatment of Cancers, which they CURE without cutting them out or using the Knife. Let those who have

TUMORS OR SWELLINGS,

or a red spot lose no time in having it attended to, as a timely treatment may save them from the horrors, suffering and death of an open cancer.

CATARRH CURED!

They are treating Catarrh on a new system which is a

SURE CURE FOR THIS DISEASE!

Experience has proved that Catarrh *cannot* be cured by *local* treatment *alone*; hence, the many advertised cures for Catarrh, all of which are local remedies, give relief *only* while the patient is using them, but *never cure*.

Understanding the disease and we know it *cannot* be cured by LOCAL treatment *alone*, therefore, we also prescribe a *constitutional* remedy to be taken, and by the combined *local* and *constitutional* treatment, we are enabled to remove the *causes* of *Catarrh*, and thereby effect

A PERMANENT CURE.

THEIR CONSULTATIONS for years have averaged from five to seven thousand a year, which gives them an experience unsurpassed by any, and equalled only by a few.

☞Remember they do not promise to cure all stages of Disease. While all diseases are curable, if taken in season, all stages are not. Your case may be curable this week, not next—to-day, not to-morrow; hence the danger of delay.

No case will be received, when there are any doubts of Cure or Relief.

Our Terms are cash; hence the money must be sent with all orders for medicines. It costs from five to fifteen dollars per month, to doctor with us, which includes medicines

☞The poor will be favored.

CONSULTATION FREE.

Patients must write their name, State, post office address, plainly. All letters requiring an answer, must contain a letter stamp, and be addressed to DR. KNAPP & SON, Racine, Wisconsin.

☞Any of the above diseases can be treated successfully by the patients' describing their case in a letter, when they cannot see us.

Dr. Knapp, who has visited Janesville regularly for seven years, can be consulted at the Hyatt House. nov15dawlye288

FLORENCE SEWING MACHINE

Over the Post Office!

There is nothing so much sought for by the public as a practical Sewing Machine, one that is

Simple, Strong & Reliable.

One that will run for years without the annoyance of being out of repair; one that is noiseless and swift in motion; also that makes the stitch as you want it, alike on both sides of the fabric; such are the machines of the

FLORENCE SEWING MACHINE

COMPANY!

Who take pleasure in placing their machines before the public, and unhesitatingly say they are the best in the world, and openly and publicly challenge machines of any and all manufactures to do as large a range of work as can easily be done on one of these machines. They make

FOUR DIFFERENT STITCHES,

and have all the advantages of a reversible feed motion, which carries the work either way, which, together with making all the four stitches, can be done whilst the machine is in motion; the saving of time in stepping to change the length of stitch, is obviated by this machine.

Any correspondence regarding our machines will be promptly answered. Enclose a letter stamp and we will send circular and sample of work by return mail.

From the Hon. Thomas B. Florence.

WASHINGTON, Jan. 1st, 1864.

Gentlemen:—Having stated it verbally to you, I have no hesitation in writing the fact, that I experienced marked benefit from your Hoofland's German Bitters. During a long and tedious session of Congress, pressing and onerous duties nearly prostrated me. A kind friend suggested the use of the preparation I have named. I took his advice, and the result was improvement of health, renewed energy, and that particular relief I so much needed and obtained. Others may be similarly advantaged if they desire to be.

Truly your friend, THOMAS B. FLORENCE.

From **John B. Withersham,** Esq., firm of Withersham and Hutchinson, the celebrated manufacturers of Fancy Iron Works, 259 Canal street:

I am the recipient from you of one of the greatest favors that can be conferred upon man, viz, that of health. For many years have I suffered from one of the most annoying and debilitating complaints that the human family can be afflicted with, Chronic Diarrhœa.

During the long time I was suffering from this disease, I was attended by regular physicians, giving me but temporary relief. The cause seemed to remain until I was induced to try Hoofland's German Bitters. After the use of a few bottles of that valuable medicine, the complaint appeared to be completely eradicated.

I often inwardly thank you for such a valuable specific, and, when I have an opportunity, cheerfully recommend it, with full confidence in its reliability.

Truly yours, JOHN B. WITHERSHAM.

New York, Feb. 2, 1864.

From **Julius Lee,** Esq., firm of Lee & Walker, the most extensive Music Publishers in the United States, No. 722 Chestnut street, Philadelphia.

February 8th, 1864.

Messrs. Jones & Evans—Gentlemen: My mother-in-law has been so greatly benefitted by your Hoofland's German Bitters that I concluded to try it myself. I find it to be an invaluable tonic, and unhesitatingly recommend it to all who are suffering from dyspepsia. I have had that disease in its most obstinate form—flatulence—for many years, and your Betters has given me ease when every thing else had failed.

Yours truly, JULIUS LEE.

From the Hon. Jacob Broom.

PHILADELPHIA, Oct. 7th, 1863.

Gentlemen:—In reply to your inquiry as to the effect produced by the use of Hoofland's German Bitters in my family, I have no hesitation in saying that it has been highly beneficial. In one instance, a case of dyspepsia of thirteen years' standing, and which had become very distressing, the use of one bottle gave decided relief, the second effecting a cure, and the third, it seems, has confirmed the cure, for there has been no symptoms of its return for the last six years. In my individual use of it, I find it to be an unequalled tonic and sincerely recommend its use to the sufferers.

Truly yours, JACOB BROOM, 1707 Spruce.

From **Rev. W. D. Seigfried,** Pastor of the 12th Baptist Church:

PHILADELPHIA, December 26th, 1863.

Messrs. Jones & Evans—Gentlemen: I have recently been laboring under the distressing effects of indigestion, accompanied by a prostration of the nervous system. Numerous remedies were recommended by friends, and some of them tested but without relief. Your Hoofland's German Bitters were recommended by persons who had tried them, and whose favorable mention of the Bitters induced me also to try them. I must confess that I had an aversion to Patent Medicines, from the "thousand and one" quack "Bitters," whose only aim seems to be to palm off sweetened and drugged liquor upon the community, in a sly way; and the tendency of which, I fear, is to make many a confirmed drunkard. Upon learning that yours was really a medicinal preparation, I took it with happy effect. Its action not only upon the stomach, but upon the nervous system, was prompt and gratifying. I feel that I have derived great and permanent benefit from the use of a few bottles.

Very respectfully yours, W. D. SEIGRIED, No. 254 Shackamaxon Street.

From the **Rev. Thos. Winter,** D. D., Pastor of Roxbury Baptist Church:

Dr. Jackson—Dear Sir: I feel it due to your excellent preparation, Hoofland's German Bitters, to add my testimony to the deserved reputation it has obtained. I have for years, at times, been troubled with great disorder in my head and nervous system. I was advised by a friend to try a bottle of your German Bitters. I did so, and have experienced great and unexpected relief; my health has been very materially benefitted. I confidently recommend the article where I meet with cases similar to my own, and have been assured by many of their good effects.

Respectfully yours, E. WINTER, Roxbourough, Pa.

From **Rev. J. S. Herman,** of the German Reformed Church, Kutztown, Berks county, Pa.

Dr. C. Jackson—Respected Sir: I have been troubled with Dyspepsia nearly twenty years, and have never used any medicine that did me as much good as Hoofland's German Bitters. I am very much improved in health, after having taken five bottles.

Yours, with respect, J. S. HERMAN.

DISCOVERED AT LAST.

CHEROKEE REMEDY

AND

CHEROKEE INJECTION!

Compounded from Roots, Barks & Leaves.

CHEROKEE REMEDY, the great Indian Diuretic cures all diseases of the urinary organs.

It is prepared in a highly concentrated form, the dose only being from one to two teaspoonfuls three times per day.

It is diuretic and alterative in its action; purifying and cleansing the blood, causing it to flow in all of its original purity and vigor; thus removing from the system all pernicious causes which have induced disease.

CHEROKEE INJECTION is intended as an ally or assistant to the **Cherokee Remedy,** and should be used in conjunction with that medicine in all cases of Gleet, Gonorrhea, Fluor Albus. Its effects are healing, soothing and demulcent, removing all scalding, heat and pain, instead of the burning and almost unendurable pain that is experienced with nearly all the cheap quack injections!

By the use of the CHEROKEE REMEDY and CHEROKEE INJECTION—the two medicines at the same time—all improper discharges are removed, and the weakened organs are speedily restored to full vigor and strength.

Sewing Machines.

WILCOX & GIBBS'

SEWING MACHINE!

Will Stitch, Hem, Fell, Tuck, Cord, Bind, Braid, Quilt and Embroider beautifully. It will, with the *finest* needle and thread, run from perfect work on the finest Nainsook, over the heaviest beaver cloth and cowhide, with *no* change of needle, thread or tension.

Wilcox & Gibbs Sewing Machine

will use coarse *cotton, linen, silk* and *twine*. It runs easier, faster and stiller than any other machine. It forms a flat, even and elastic seam, differing from every other stitch, each loop being *twisted* by means of the

"ROTATING HOOK,"

and drawing the twist *into the goods*, thus securely fastening every stitch, so that the seam will bear to be cut at frequent intervals, and in that case even, the seam is warranted NOT TO RIP in wear, and under all circumstances to "*survive the washtub*." Old worn out family garments, bosoms, pants, dresses, &c., have been submitted to Committees at Fairs where was the *greatest competition*, and to THIS STITCH premiums have been awarded for its SUPERIORITY, DURABILITY, ELASTICITY and BEAUTY.

A Patented Device *prevents the possibility of the machine being run in the wrong direction*, or the balance wheel ever wearing or touching the dress. By another ingenious Patent Improvement,

The Needle Cannot be Set Wrong,

Thus avoiding the great trouble of other machines. In this it is so easy that a child may set it in the dark with unerring correctness every time.

NO BREAKING OF NEEDLES.

The blade of the needle is less than ¾ of an inch long, and is straight. It is less than half the length of other machine needles, many of which are curved, therefore more easily bent or broken—a great source of annoyance, expense and trouble. The Hemmer and Feller can never be set wrong. Any one may adjust them *in the dark*. The hem may be of any width. No other hemmer or feller is like this. It turns the hem on the right or upper side, as you want it.

IT WILL NOT DROP STITCHES;

As the needle is always set right, the blade short and straight does not vibrate, like longer ones.

Wilcox & Gibbs Sewing Machine

Is run by steam at 4000 stitches per minute—other machines only at 400 to 1200, with safety. They are manufactured with

MATHEMATICAL PRECISION,

Hence each part is interchangeable, and can be readily placed in case of accident.

THEY WILL NOT GET OUT OF ORDER

We have known it intimately for several years. Many thousands are already in use here, and so far as we know, not one in family use has ever cost a dime to repair, or ever been out of order at all. They will last a generation, if properly cared for. None who have used it can be persuaded to use any other.

Wilcox & Gibbs Sewing Machine

Works at an instant's notice, and never stops "unaccountably." Not one operator in ten on the Wilcox & Gibbs will break a needle or drop a stitch in a year. The Wilcox & Gibbs in the hands of any one, knows no "skips," "drops," "jumps" or "misses." The roundness, evenness, durability and beauty of its stitch

WERE NEVER EQUALED.

Its rapidity, absolute stillness, ease of motion, narrowness and neatness of its Hem and Fell were never approached by any other machine. We can call in any boy or girl from the street, and with three minutes instruction they will set the needle, attach the Hemmer, or Feller, and do the work with entire success. A blind girl, with the exception of threading the needle, can do the same. Many ladies owning other first-class machines, come to our office to do their fine hemming and felling on the Wilcox & Gibbs Machine.

The press universally pronounce this the best family sewing machine in the world.

FLORENCE SEWING MACHINE

Over the Post Office!

There is nothing so much sought for by the public as a practical Sewing Machine, one that is

Simple, Strong & Reliable.

One that will run for years without the annoyance of being out of repair; one that is noiseless and swift in motion; also that makes the stitch as you want it, alike on both sides of the fabric; such are the machines of the

FLORENCE SEWING MACHINE COMPANY!

Who take pleasure in placing their machines before the public, and unhesitatingly say they are the best in the world, and openly and publicly challenge machines of any and all manufactures to do as large a range of work as can easily be done on one of these machines. They make;

FOUR DIFFERENT STITCHES,

and have all the advantages of a reversible feed motion, which carries the work either way, which, together with making all the four stitches, can be done whilst the machine is in motion; the saving of time in stepping to change the length of stitch, is obviated by this machine.

Any correspondence regarding our machines will be promptly answered. Enclose a letter stamp and we will send circular and sample of work by return mail.

READ WHO SAYS SO:

From the Hon. Thomas B. Florence.

From the Hon. Thomas B. Florence.

From the Hon. Thomas B. Florence.

WASHINGTON, Jan. 1st, 1864.

Gentlemen:—Having stated it verbally to you, I have no hesitation in writing the fact, that I experienced marked benefit from your Hoofland's German Bitters. During a long and tedious session of Congress, pressing and onerous duties nearly prostrated me. A kind friend suggested the use of the preparation I have named. I took his advice, and the result was improvement of health, renewed energy, and that particular relief I so much needed and obtained. Others may be similarly advantaged if they desire to be.

Truly your friend, THOMAS B. FLORENCE.

From **John E. Withersham,** Esq., firm of Withersham and Hutchinson, the celebrated manufacturers of Fancy Iron Works, 259 Canal street:

I am the recipient from you of one of the greatest favors that can be conferred upon man, viz., that of health. For many years have I suffered from one of the most annoying and debilitating complaints that the human family can be afflicted with, Chronic Diarrhœa.

During the long time I was suffering from this disease, I was attended by regular physicians, giving me but temporary relief. The cause seemed to remain until I was induced to try Hoofland's German Bitters. After the use of a few bottles of that valuable medicine, the complaint appeared to be completely eradicated.

I often inwardly thank you for such a valuable specific, and, when I have an opportunity, cheerfully recommend it, with full confidence in its reliability.

Truly yours, JOHN E. WITHERSHAM.

New York, Feb. 2, 1864.

From **Julius Lee,** Esq., firm of Lee & Walker, the most extensive Music Publishers in the United States, No. 722 Chestnut street, Philadelphia.

February 8th, 1864.

Messrs. Jones & Evans—Gentlemen: My mother-in-law has been so greatly benefitted by your Hoofland's German Bitters that I concluded to try it myself. I find it to be an invaluable tonic, and unhesitatingly recommend it to all who are suffering from dyspepsia. I have had that disease in its most obstinate form—flatulence—for many years, and your Bitters has given me ease when everything else had failed.

Yours truly, JULIUS LEE.

From the Hon. Jacob Broom.

PHILADELPHIA, Oct. 7th, 1863.

Gentlemen:—In reply to your inquiry as to the effect produced by the use of Hoofland's German Bitters in my family, I have no hesitation in saying that it has been highly beneficial. In one instance, a case of dyspepsia of thirteen years' standing, and which had become very distressing, the use of one bottle gave decided relief, the second effecting a cure, and the third, it seems, has confirmed the cure, for there has been no symptoms of its return for the last six years. In my individual use of it, I find it to be an unequalled tonic and sincerely recommend its use to the sufferers.

Truly yours, JACOB BROOM, 1707 Spruce.

From **Rev. W. D. Seigfried,** Pastor of the 12th Baptist Church:

PHILADELPHIA, December 26th, 1863.

Messrs. Jones & Evans—Gentlemen: I have recently been laboring under the distressing effects of indigestion, accompanied by a prostration of the nervous system. Numerous remedies were recommended by friends, and some of them tested but without relief. Your Hoofland's German Bitters were recommended by persons who had tried them, and whose favorable mention of the Bitters induced me also to try them. I must confess that I had an aversion to Patent Medicines, from the "thousand and one" quack "Bitters," whose only aim seems to be to palm off sweetened and drugged liquor upon the community, in a sly way; and the tendency of which, I fear, is to make many a confirmed drunkard. Upon learning that yours was really a medicinal preparation, I took it with happy effect. Its action not only upon the stomach, but upon the nervous system, was prompt and gratifying. I feel that I have derived great and permanent benefit from the use of a few bottles.

Very respectfully yours, W. D. SEYGRIED, No. 254 Shackamaxon Street.

From the **Rev. Thos. Winter,** D. D., Pastor of Roxbury Baptist Church:

Dr. Jackson—Dear Sir: I feel it due to your excellent preparation, Hoofland's German Bitters, to add my testimony to the deserved reputation it has obtained. I have for years, at times, been troubled with great disorder in my head and nervous system. I was advised by a friend to try a bottle of your German Bitters. I did so, and have experienced great and unexpected relief; my health has been very materially benefitted. I confidently recommend the article where I meet with cases similar to my own, and have been assured by many of their good effects.

Respectfully yours, E. WINTER, Roxbourough, Pa.

From **Rev. J. S. Herman,** of the German Reformed Church, Kutztown, Berks county, Pa.

Dr. C. Jackson—Respected Sir: I have been troubled with Dyspepsia nearly twenty years, and have never used any medicine that did me as much good as Hoofland's German Bitters. I am very much improved in health, after having taken five bottles.

Yours, with respect, J. S. HERMAN.

DISCOVERED AT LAST.

CHEROKEE REMEDY

AND

CHEROKEE INJECTION!

Compounded from Roots, Barks & Leaves.

CHEROKEE REMEDY, the great Indian Diuretic cures all diseases of the urinary organs.

It is prepared in a highly concentrated form, the dose only being from one to two teaspoonfuls three times per day.

It is diuretic and alterative in its action; purifying and cleansing the blood, causing it to flow in all of its original purity and vigor; thus removing from the system all pernicious causes which have induced disease.

CHEROKEE INJECTION is intended as an ally or assistant to the **Cherokee Remedy,** and should be used in conjunction with that medicine in all cases of Gleet, Gonorrhea, Fluor Albus. Its effects are healing, soothing and demulcent, removing all scalding, heat and pain, instead of the burning and almost unendurable pain that is experienced with nearly all the cheap quack injections.

By the use of the CHEROKEE REMEDY and CHEROKEE INJECTION—the two medicines at the same time—all improper discharges are removed, and the weakened organs are speedily restored to full vigor and strength.

Price, Cherokee Remedy, $2 per bottle, or three bottles for $5.

Sewing Machines.

WILCOX & GIBBS'

SEWING MACHINE!

Will Stitch, Hem, Fell, Tuck, Cord, Bind, Braid, Quilt and Embroider beautifully. It will, with the *finest* needle and thread, run from perfect work on the finest Nainsook, over the heaviest beaver cloth and cowhide, with *no* change of needle, thread or tension.

Wilcox & Gibbs Sewing Machine

will use coarse *cotton, linen, silk* and *twine.* It runs easier, faster and stiller than any other machine. It forms a flat, even and elastic seam, differing from every other stitch, each loop being *twisted* by means of the

"ROTATING HOOK,"

and drawing the twist *into the goods*, thus securely fastening every stitch, so that the seam will bear to be cut at frequent intervals, and in that case even, the seam is warranted NOT TO RIP in wear, and under all circumstances to "*survive the washtub.*" Old worn out family garments, bosoms, pants, dresses, &c., have been submitted to Committees at Fairs where was the *greatest competition*, and to THIS STITCH premiums have been awarded for its SUPERIORITY, DURABILITY, ELASTICITY and BEAUTY.

A Patented Device *prevents the possibility of the machine being run in the wrong direction*, or the balance wheel ever wearing or touching the dress. By another ingenious Patent improvement,

The Needle Cannot be Set Wrong,

Thus avoiding the great trouble of other machines. In this it is so easy that a child may set it in the dark with unerring correctness every time.

NO BREAKING OF NEEDLES.

The blade of the needle is less than ¾ of an inch long, and is straight. It is less than half the length of other machine needles, many of which are curved, therefore more easily bent or broken—a great source of annoyance, expense and trouble. The Hemmer and Feller can never be set wrong. Any one may adjust them *in the dark.* The hem may be of any width. No other hemmer or feller is like this. It turns the hem on the right or upper side, as you want it.

IT WILL NOT DROP STITCHES;

As the needle is always set right, the blade short and straight does not vibrate, like longer ones.

Wilcox & Gibbs Sewing Machine

Is run by steam at 4000 stitches per minute—other machines only at 400 to 1200, with safety. They are manufactured with

MATHEMATICAL PRECISION,

Hence each part is interchangeable, and can be readily placed in case of accident.

THEY WILL NOT GET OUT OF ORDER

We have known it intimately for several years. Many thousands are already in use here, and so far as we know, not one in family use has ever cost a dime to repair, or ever been out of order at all. They will last a generation, if properly cared for. None who have used it can be persuaded to use any other.

Wilcox & Gibbs Sewing Machine

Works at an instant's notice, and never stops "unaccountably." Not one operator in ten on the Wilcox & Gibbs will break a needle or drop a stitch in a year. The Wilcox & Gibbs in the hands of any one, knows no "skips," "drops," "jumps" or "misses." The roundness, evenness, durability and beauty of its stitch

WERE NEVER EQUALED.

Its rapidity, absolute stillness, ease of motion, narrowness and neatness of its Hem and Fell were never approached by any other machine. We can call in any boy or girl from the street, and with three minutes instruction they will set the needle, attach the Hemmer, or Feller, and do the work with entire success. A blind girl, with the exception of threading the needle, can do the same. Many ladies owning other first-class machines, come to our office to do their fine hemming and felling on the Wilcox & Gibbs Machine.

The press universally pronounce this the best family sewing machine in the world.

We are General Agents for
